KEELY STARTS RECRUITING MEN

Admits Engagement To Heir

Miss Gussie Blum, member of a team of dancers, admitted between her first and second turns at a Chicago theatre that she's engaged to Vincent J. Lamb, young Denver stock broker and heir to millions. She is shown in the photo making up for a rag doll dance.

Company B Of Engineers Being Recruited Here

Lieut. Keely Believes That Troop A Men Will Join New Outfit

NEW UNIT WILL BE FORMED AT ONCE

Hope To Transfer From Troop A To Engineers Thursday Night

Paul Keely, second lieutenant of Troop A, 104th Cavalry, received orders today from Adjutant General Frank D. Beary to start recruiting of men for the 125th Mounted Engineer Battalion, 21st Cavalry Division. The unit will be known as Company B.

A contingent of 50 men will be needed to establish a unit in this city. A regulation Mounted Engineer corp must consist of 60 men but at the start a half hundred men is deemed sufficient for recognition. Kelly stated today that applicants for enlistment in the new corp must be high school graduates.

Can Join at Once.

The armory building on Neshannock avenue will be open every evening this week for applications of men desiring to join the Engineers.

Troop A. will hold their regular meeting on Thursday night at 7:30 o'clock and it is hoped that the 50 applications can be received by that time. Troop A. is still in active service and will be mustered out possibly not later than February 23.

According to Second Lieutenant Keely today the horses of Troop A. are being shipped to Clearfield and the equipment and regalia is being sent to Harrisburg.

It is the plan of the local officers to have the Mounted Engineer corp ready to be mustered in at the same time that Trop A. passes out.

New in State.

The Mounted Engineers are comparatively new in the Pennsylvania National Guard. Ther is only one other similar unit in the state located at Altoona, Pa.. and commanded by Captain Walter B. Allen. The mounted engineers perform duties similar to dismounted engineers, building bridges, pontoons and working out various engineering problems.

The officers personnel of the local troop will be made up of a captain, first and second lieutenant. All officers of the troop must be qualified engineers either senior or junior ranking.

The unit would not be considered an active combat unit such as the infantry and artillery. Insofar as the personnel of Troop A is concerned they can be taken over by the Engineering unit with the only change being the insignia of the organization.

Actually the Mounted Engineers are not a part of the Pennsylvania National Guard. but will operate under the Third Corp area. For training and instruction the troop will be under the direction of the State Guard, but will be considered as army troopers.

According to Second Lieutenant Keely it is expected that many of the present members of Troop A will become affiliated with the mounted unit, this belief comes after a check-up of the local roster.

Breakdown In Coal Conference Seems Likely

Operators And Miners At Miami Meeting Declare Agreement Far Off

SUSPENSION TALK GAINING FAVOR

Possibility That Meeting May Be Adjourned To Some Northern City

KENNETH CLARK
International News Service Staff Correspondent

MIAMI, Fla., Feb. 15.—A breakdown in the negotiations here of the joint wage conference of the soft coal miners and operators appeared inevitable today.

Both sides declared the conference would be heading homeward shortly without the semblance of a new wage scale unless the present seemingly irreconcilable differences are swept away by some unexpected concessions or deals. Neither group apparently is yet in mood to yield. The actual break, however, may not come before the end of this week or the first of next.

Neither camp wants to assume the responsibility of a break until strenuous efforts have been made to negotiate a new scale for the existing Jacksonville agreement which expires on March 31.

The atmosphere here is tense. Among the delegates there is considerable talk in favor of a strike or suspension. But among leading officials of both groups this is largely discredited. They point out that even should the Miami negotiations break down, there is quite a distinct probability that the meeting would be reconvened later in some northern city.

Capt. Buckner, Flyer, Is Hurt

(International News Service)
SELMA, Ala. Feb. 15.—Captain C. T. Buckner, of Wright Field, Dayton, Ohio, was reported in a serious condition in Baughan Memorial hospital today from injuries received late yesterday when his airplane crashed near here.

Captain Buckner and Lieut. O. O. Niegarth, also of Wright Field, were enroute to Mawell Field, Montgomery, Ala., to meet their wives when the plane crashed. Lieut. Niegarth, the pilot, was only slightly hurt.

Negro Will Be Confronted With Skull Quartet

(International News Service)
MICHIGAN CITY, Ind., Feb. 15.—James M. Coyner, negro, held in Indiana State Penitentiary on a grave robbing sentence, today admitted he had lived in Toledo, O., at the time of the Hammer murders.

Beyond the admission of having lived in Toledo Coyner maintained the indifferent attitude which characterized his talks with Ferndale, Mich., authorities relative to the discovery in his trunk of four skulls.

Authorities decided today to bring the skulls to the penitentiary in an effort to force him to confess what it is thought might be a series of murders.

Will Authorize Cloture Rule

By WILLIAM K. HUTCHINSON,
International News Service Staff Correspondent

WASHINGTON, Feb. 15.—For the second time in decades, the senate prepared today to authorize cloture in order to force a final vote on the McFadden-Pepper banking act.

The "gag rule", restricting debate to one hour for each senator, was invoked by administration leaders, because insurgents announced a war to the finish against the bill, which extends the powers and activities of National Banks an the Federal Reserve System.

The only modern precedent for the use of cloture was established during the world court fight.

Cyclones, Blizzards, Earthquakes, Fogs, Taking Heavy Toll

(By International News Service)

Cyclones, earthquakes, blizzards and fogs, a seeming revolution of the elements, have taken a heavy toll in life and property damage in a sweep across the face of the globe in the past 48 hours.

Earthquakes in Jugo-Slavia are reported to have resulted in the loss of hundreds of lives and much damage to property.

In Queensland a cyclone has taken nearly 50 lives and done great damage.

A cyclone in the Gulf of Cattaro is reported to have caused a Jugo-Slavian steamer to sink with great loss of life.

Blizzards which have raged in northern Japan have taken a toll of well over 100 lives.

London today entered its fifth day of foggy gloominess, the fog already having cost nearly a score of lives in accidents and heavy economic losses.

France's Attitude Checks Progress On Disarmament

Not Likely That Any Further Moves Will Be Made By Coolidge

FARCICAL GENEVA TALK TO CONTINUE

No Reduction In Armaments Is Likely For Long Time To Come, Is Belief

BY GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Feb. 15.—**France's decision to reject President Coolidge's overtures for a new naval disarmament conference was accepted in Washington today as indicating there will be no effective reduction of armament, either on land or sea, for a long time to come.**

It is true the powers will reconvene in Geneva next month, under the auspices of the League of Nations, to talk about it. They talked about it, however, for six months last year without making any appreciable headway, and there is little expectation here that the renewed discussions will get any further.

Conference Futile.

American delegates who spent tedious hours in the Geneva meeting reported to administration officials upon their return to Washington that the conference was seemingly futile. They said the gathering was dominated by France and her small continental allies, and that it was useless to continue discussions wherein countries that had no navies had an equal vote on naval questions with those powers possessing great navies.

The Anglo-American position was and is that naval disarmament should be dealt with by those powers having naval establishments, and that land disarmament should be dealt with by those powers having a vital interest in the size of neighboring military establishments. This position has been consistently rejected in the Geneva gathering in accordance with the French thesis that land sea questions are interdependent. Consequently, the Geneva conference has seen Czecho-Slovakia, Jugo-Slavia, and Poland, gravely voting with France on naval questions, even though they possess no navies that could be affected by the conclusions reached.

Farcical Situation.

It was to end this farcical situation that President Coolidge proposed that the naval powers equip their delegates with authority to actually make a new naval treaty upon their return to Geneva. His memorandum was addressed only to the naval powers, Great Britain, Japan, France and Italy.

France has now rejected this proposal, in favor of continuing the discussions which this government

French Cabinet Makes Decision For Coolidge

Believe That Decision Is Against Acceptance Of Disarmament Proposal

TO HAND REPLY TO AMBASSADOR

By HARRY R. FLORY
International News Service Staff Correspondent

PARIS, Feb. 15. — **The French Cabinet, meeting with President Doumergue, today gave its unanimous approval to the reply to the disarmament proposals of President Coolidge.**

The reply will be handed to the American Embassy this afternoon, and as exclusively announced by the International News Service on last Saturday, it is understood the reply is in effect a rejection of the American proposals.

"The note is perfect", said Minister of Marine Leygues.

M. Briand, foreign minister, who drafted the note, said it would probably be published late this afternoon or tomorrow.

Four Men Killed By Coal Gas Fumes In Brooklyn Today

(International News Service)
NEW YORK, Feb. 15.— Four men were killed today by coal gas escaping in an apartment house in Brooklyn.

Their bodies were found in an apartment on the first floor and in an apartment directly above on the second floor. The victims were identified Samuel Jobblyn, Philip Weiss, William Snyder and Abraham Spicepandler.

Others residents and the superintendent Dacasto Larrier, were taken to the district attorney's office for questioning. Larrier said the gas escaped from the heating plant in the basement.

Farm Bloc Prepares For First Real Test In House Today

BY WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Feb. 15.—**A revival of the feud between a goodly portion of President Coolidge's cabinet and farm relief advocates was threatened today as farm bloc leaders flared back at Secretary of Treasury Mellon's slap at the pending McNary-Haugen farm bill.**

Although Mellon avoided taking a positive stand on the bill in his letter to Rep. Chindbloom, R., of Illinois estimating the administrative cost of the farm board machinery set up by the bill, his intimations that it is unworkable aroused keen resentment in the farm bloc.

Breaks Silence.

Mellon's statement broke the wall of silence that has enveloped the administration since the present farm relief fight got under way. Cabinet members, it is reported, have been under orders from Mr. Coolidge to keep "hands off," in direct contrast to the last session when at least three cabinet officers openly fought the McNary-Haugen plan.

Double Murder Is Discovered At Conneaut, Ohio

Evidences Of Terrific Struggle Seen In Home As Crime Is Revealed

BASEBALL BAT USED IN MURDERS

Husband Finds Young Wife And Son Beaten To Death

(International News Service)
CONNEAUT, O., Feb. 15.—Beaten almost to a pulp, the bodies of Mrs. Celia Brown, 27, and her son, Frederick Brown Jr., five, were found early today in the Brown bungalow, three miles west of here, a baseball bat with which the double murder was committed being found by police.

According to Fred Brown, the husband and father, who called Conneaut officials, returned from his work as caller at the Nickel Plate engine house shortly after midnight. He found, he said, that the door of his house was open and the radio was grinding out a tune.

Finds Family

In the sleeping porch the body of Mrs. Brown was lying. In the basement was that of his son. Nearby was the bloody baseball bat. Both bodies were still warm, he said.

Sheriff Frank Sheldon, County Detective H. G. Hannum and the coroner arrived at the house within a short time. An autopsy was being conducted this morning to determine whether or not the woman had been attacked. That robbery was not the motive was made evident when it was found that a small sum of money in the house had not been touched.

Evidence of Struggle

Every part of the house bore evidence of a terrific struggle, made by the woman and child to save their lives. A trail of blood reached from room to room, and authorities hoped to find fingerprints which

District Attorneys Meet In Harrisburg

Lawrence County District Attorney Is Attending State Gathering

(From News Bureau
(State Capital)

HARRISBURG, Pa., Feb. 15.—District attorneys of the state of Pennsylvania are here in force today for the purpose of attending the annual convention of district attorneys. District Attorney J. Elder Bryan of Lawrence County arrived Monday afternoon.

This convention is one or more than usual interest as the attorneys are interested in a new criminal code for the state. A firearms act will be considered, a salary increase for district attorneys in counties under 90,000, and a bill for the presentation of warrants on Sunday. The covention will last one day.

Report Hundreds Dead After Quake

(International News Service)
BELGRADE, Feb. 15—Hundreds were reported dead today as a result of the earthquake which shook all Yugo-Slavia yesterday.

The quakes violently shook the earth, swallowing whole buildings and crumbling mountain sides buried others beneath tons of earth and rock.

There were ninteen different shocks within twenty minutes.

The earth shocks were so violent that seismographic intruments were wrecked. Details were lacking today because of the destruction of telegraphic connections.

At Serajevo, birthplace of the World War, ten houses were buried beneath a heavy landslide. The town of Monster was reduced to ruins. At Metkovic the railway station, post office and many other buildings were destroyed.

In the Amselfield region many houses were swallowed up when great chasms opened in the earth.

Akron Man Files Suit Against Grove City Theatre Man

(International News Service)
PITTSBURGH, Pa., Feb. 15.—Homer Jones, of Akron, O., today filed a suit for $15,000 damages in federal court here against John Guthries, owner of a theater in Grove City, Pa., where Jones claims he was severely injured on May 30, last. Jones alleged ushers in the theater threw him against a railing when he failed to move from one seat to another when ordered to do so.

Druggist Takes Stand In Trial Of Ben Rudner

Tells Court That Rudner Had Friends With Which to Aid Him

By ROBERT WALLACE.
International News Service Staff Correspondent

CANTON, O., Feb. 15.—Stanley Baltzly, Massillon druggist, today told the jury trying Ben Rudner as the "pay-off" man in the murder of Don R. Mellett, vice crusading editor last July, that Rudner suggested to him last summer that he would have a man with whom he had had trouble "beaten up."

Baltzly was recalled to the stand today because he said yesterday that he "knew a lot more."

Rudner told him that if he did not want to beat up this man himself, Baltzly testified, that he (Rudner) would furnish a couple of men to do it.

Later, Baltzly continued, Rudner came to his store, saying:

"My friends are here now. Point out that man and I'll have them put the works on him, if you still want him beaten up."

Baltzly declared that the offer was declined.

Max Stroub, a Canton photographer presented photographs of the telegram received by Pat McDermott, convicted "trigger man" on the morning following the Mellett murder. He also presented photographs of Rudner's handwriting. Both were offered in evidence by the state.

Dr. Henry Jenkins, handwriting expert, testified that this telegram which read "Take Massillon store at once or report to home office at once" was written by Rudner.

Latrobe Youth Dies From Burns

(International News Service)
LATROBE, Pa., Feb. 15. — Fred Lemon, 4, son of William Lemon, of Latrobe, was near death in a hospital here today from burns suffered when his clothing became ignited while the cold was playing with matches at his home here.

The boy was alone in the house when his clothing became ignited, and his screams attracted the attention of his mother, visiting with a neighbor. He was probably fatally burned before she was able to reach him.

Merton Recalled To Stand In Case Against Daugherty

Judge John Knox Plans To Question German Expert Today

MERTON FAILS TO REMEMBER TALK

By DAVID P. SENTNER,
International News Service Staff Correspondent

NEW YORK, Feb. 15.—Richard Merton, German metal magnate, was recalled to the stand at the Daugherty-Miller conspiracy trial today for questioning by Judge John Knox, presiding.

Merton, testified regarding his relations with John Foster Dulles, the attorney he engaged when he first sought the return of the $7,000,000 war-seized assets around which the case hinges, and with the late John H. King, Connecticut politician, who finally engineered the return.

The two defendants, Former Attorney General Harry M. Daugherty, and Former Alien Property Custodian Thomas W. Miller, are charged with having shared in a $391,000 bribe for allowing the return of the huge claim.

Merton told Judge Knox that he could not remember in detail his conversations with King or Jess Smith, Daugherty's right hand man, regarding the claim. King told him that a lawyer was not needed to handle the case, and later King took the matter over from Dulles.

Dules had already learned from the alien property custodian's office that the claim probably could not be allowed, and Judge Knox wanted to learn if King knew of this at the time he took the case, but Merton could not recall.

FRANCE'S ATTITUDE CHECKS PROGRESS ON DISARMAMENT

(Continued From Page One)

believes are leading nowhere except to a confusion of the whole armament question.

What President Coolidge's next step will be—if any—remains to be seen. He could propose, as suggested a year ago, that Great Britain and Japan join with the United States in applying the principle of the 5-5-3 ration to auxiliary ships, irrespective of France and Italy. There is little reason to believe, however, that Breat Britain would agree to limit her cruiser and submarine strength while France would be left free to construct the great unlimited submarine fleet which French statesmen insist is France's potential defense against Great Britain's greater sea power.

The British at Washington in 1921-22 declined absolutely to undertake any auxiliary limitation unless it included France and Italy, and British opinion is understood not to have changed on that point.

Some belief prevails here that President Coolidge will take no further step at this time toward a new naval agreement, in view of the French rejection. Administration officials pointed out that American government is now in the position of having proclaimed to the world its willingness to further curtail its navy, and that responsibility for continued armament has been placed now where it belongs—on France and her continental allies.

MELLON'S LETTER ON FARM RELIEF THREATENS FEUD

(Continued From Page One)

who has taken no part in the fight, is quoted by a leading farm block member as saying that the administration had decided to leave the whole question to congress and Mr. Coolidge to either sign or veto any bill that is passed.

Backers of the pending measure, driving steadily toward its enactment, took direct issue with Mellon's statement that collection of the equalization fee that is to finance the surplus control plan, would be difficult and costly. They also denied his statement that the federal treasury would not get back every cent of the $250,000,000 revolving fund because no government could collect taxes in full.

Asserts Fee Not Tax.

"The equalization fee is not a tax," said Rep. Dickinson, R., of Iowa, leader of the house farm bloc. "A tax is something that goes into the public treasury. The equalization fee is paid by the farmers and spent by the Farmers' board.

"This fee can be easily collected as the gasoline tax. It presents no great obstacles."

Rep. Haugen, R., of Iowa, chairman of the agriculture committee, took a fling at Mellon's statement that federal investigators would be needed to check up on farmers' sales just as the revenue bureau checks up on income taxes.

"The government will be repaid the $250,000,000 which it will advance under this bill," he said. "It is contemplated that the board, when it levies the equalization fee, shall take into account any probable losses, and fix the fee accordingly.

"The government won't need to check up. But if it does, who will object to spending a little money doing this if it will help the farmer?"

"This," said Rep. Williams, D., of Mississippi, "is the same argument that was made against the income tax—yet the law has proved successful."

The farm bloc prepared for its first real test in the house today on a rule substituting the senate bill for the pending house measure. Opponents of the bill will try to vote down the rule, and make possible a filibuster which could be kept up until the end of the present session.

A suspect was arrested by authorities this morning, but after brief questioning he was released.

Brown was in a state of collapse when authorities arrived.

A police guard has been placed around the home.

Some Clues

ERIE, Pa., Feb. 15.—Authorities came upon clues today which they believe may ultimately lead to the apprehension of the murderer who slew Mrs. Fred Brown and her five-year-old son, Fred Jr., in their home at Conneaut, O., near here.

In the woman's tightly clenched fists were found bits of flesh and also strands of gray hair which she evidently tore from her slayer before he beat her to death with a baseball bat.

With this discovery Conneaut officials sent to Erie for bloodhounds to trail the murderer.

BREAKDOWN IN COAL CONFERENCE SEEMS LIKELY

(Continued From Page One)

avoided. They feel that a prolonged tieup might be more harmful than an agreement that is not satisfactory entirely to either side.

The quibbling is over the present $7.50 a day wage scale which the miners want to keep and the operators are trying to slash to conform with the lower pay in the strong non-union fields of West Virginia, Tennessee and Kentucky. The real underlying fight, however, is over the principle of wage arbitration advanced by the operators. The owners want to give flexibility to wages, and at the same time, by setting up a joint permanent arbitral board, to do away with the frequently-recurring open clashes over pay and working conditions. Compulsory arbitration is hated as poison by the union officials. They say the revision of pay under the owners' proposal always would be downward, never upward. They argue further it would mean the loss of years of efforts to force up the wages, and thus would be a step backward.

Ohio and Pennsylvania operators are belligerent, more so than the Illinois and Indiana owners who are represented here. Spokesmen of the two groups first mentioned declared they were ready to withdraw as soon as it becomes apparent the miners are unwilling to concede a readjustment union wages to the non-union rates.

terms and sympathetic in tone, is nevertheless a rebuff for the Coolidge proposals which may spell their defeat.

Minister of Interior Sarraut informed the International News Service that the note "points out, firstly, that the League of Nations is now handling disarmament problems, and secondly, that naval disarmament interests all nations, not only the five big powers.

"France can't take the problem of disarmament from the League of Nations", said M. Sarraut.

International News Service learns that the French reply leaves little in the way of a loophole for any counter proposals and in the French circles it is generally believed that it spells the end of the Coolidge proposals.

Italy, it is learned, has indicated that she sympathizes with the French viewpoint, and even in Great Britain the admiralty has some objections to offer which might prevent a complete acceptance by the British government.

The next move of President Coolidge is awaited here with keen interest.

Coolidge Submits Supplemental Budget To Congress Today

(International News Service)

WASHINGTON, Feb. 15.—President Coolidge today sent a supplemental budget estimate to congress providing $5,500,000 for the purchase of the Cape Cod Canal by the Government.

Would Repeal Inheritance Tax

(International News Service)

HARRISBURG, Pa., Feb. 15.—The Pennsylvania legislature today asked congress to repeal the Federal Inheritance tax. The action resolution by the passage of a joint resolution, in the senate today by a unanimous vote. It previously had passed the house.

"The Federal tax is not required for revenue and is useful only as a means of coercing the states," the resolution asserted.

Dute Damage Case Is Still On Trial

The case of Frank W. Dute against the City of New Castle for the death of his son, who was drowned in the dam near the old Pearson mill site is still on trial before Judge Hildebrand today. Councilman W. T. Burns was called as a witness this morning to show that work done on the dam had been paid for by the city. The contention of the plaintiff is that the city had charge of the dam and was therefore responsible for accidents. The defense denies the liability of the city.

House Adopts Rules For Session

(International News Service)

HARRISBURG, Pa., Feb. 15.—Following half an hour of debate the House of Representatives today adopted the rules for the present session of the legislature as compiled by the Rules Committee. The vote was 172 to 17.

Bradford Man Is Held For Shooting Estranged Wife

(International News Service)

BRADFORD, Pa., Feb. 15.—Harry Cussins, of Bradford, was held by police in connection with the shooting of his wife, who sustained two bullet wounds when, police alleged, Cussins met her in company with another man.

The couple are estranged, police said, but Cussins objected to her company with another man, and fired at him, the bullets striking his wife instead. After the shooting Cussins turned his weapon on himself, but the bullet merely grazed his chest.

ENTERTAIN HUSBANDS AT ANNUAL DINNER

Members of the Circle of '91 entertained their husbands at the annual dinner, Monday evening in the Y. W. C. A. An elaborate menu was served at 7 o'clock and covers were arranged for sixty guests. The tables were attractively decorated with valentine novelties, and tall tapers with Valentine shades. Original verses composed by Mrs. L. G. Nail, marked the places.

The evening was spent socially in the Y. W. parlors. Mrs. Paul Welsh rendered several piano numbers, Mrs. Carmi Glover entertained with readings, and a group of vocal solos were rendered by Mrs. James Rugh. A most delightful and clever playlet, entitled "Madam Princetons Temple of Beauty," was portrayed by the committee, which was composed of Mrs. W. H. Dunlap, Miss Rebecca Bowden, Mrs. Howard Beck, Mrs. L. G. Nail, Mrs. John A. Butler and Mrs. Clint Snyder.

Guests of the evening were Mrs. Paul Welsh and Mrs. James Rugh.

The next regular meeting of the circle will be at the home of Mrs. C. N. Lockhart, 113 Leasure avenue, February 28, instead of Mrs. Ira Fulkerson.

Queen Esther Auxiliary

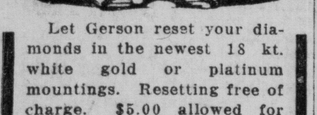

Regular monthly meeting of the Queen Esther Auxiliary of the Epworth M. E. church took place Monday evening at the home of Mrs. A. E. Russell of Park avenue.

The devotional period was led by Mrs. Laura Sankey and the chapter assigned from the study book "Our Temple Hills," was reviewed by Mrs. C. S. Hart and Mrs. Sankey. During the social hour refreshments were served by the hostess, assisted by Mrs. Lillian Edmunds. The next meeting will take place March 4 at the home of Mrs. A. H. Holselder of Ray street.

Sure Way to Get Rid of Dandruff

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to comb or wash it out. The only sure way to get rid of dandruff is to dissolve it; then you destroy it entirely.

To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

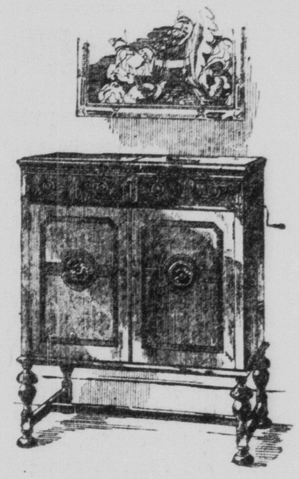

By morning, most, if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better.

You can get liquid arvon at any drug store. Four ounces is all you will need, no matter how much dandruff you may have. This simple remedy never fails.

"THANK YOU"

TWO little words that make the world run more smoothly, that ease the hard places of life and absorb many of its shocks, are "Thank you."

They are the sign of a gracious spirit. They bespeak a generous attitude that would not withhold praise from those that deserve it—a commodity with which too many of us are stingy.

The majority of us take too much for granted. In a land of plenty and among a people of infinite resources, we expect much and accept everything as a matter of course.

Yet one's best friend likes to hear an appreciative word. While a compliment deserved by an outsider and extended frankly and generously will often convert an enemy into an ally.

Appreciation, like charity, begins at home and among those nearest and dearest. The prince of good fellows is a failure and a hypocrite unless he takes his reputation home with him at night and arrays it with smiles and pleasant words at the breakfast table in the morning.

These two little words, "Thank you," make the world run more smoothly. Learn to speak them. No praise is ever wholly undeserved. Encouraging words are as great a miracle worker as this old world knows.

PLANS FOR OVERSEAS AIR FLIGHTS

THIS should be a great year in the development of transoceanic aviation. A dozen or more enterprises are afoot for crossing the Atlantic Ocean directly between New York and France and winning the $25,000 prize offered for that accomplishment. The latest of the entries is Commander Richard E. Byrd, the United States Naval Reserve officer who made a return flight to the North Pole from Spitzbergen along with Floyd Bennett, his mechanician. Bennett, it is said, will join in the transatlantic venture.

Over on the Pacific coast the plans are being laid for at least two important flights to the Hawaiian Islands. One is privately sponsored, but will feature an officer of the Marine Corps. The other is said to be quietly under preparation by the Naval Air Force. Announcements may be expected concerning this project within a few weeks. The sea gap between the Hawaiian Island and the California coast is the widest that remains to be negotiated by airplanes following the trade routes of the world. If it can be spanned it will be only a matter of time before an airplane crossing of the Pacific Ocean in the temperate zone is perfectly feasible. The United States Army around-the-world expedition flew north to Alaska to make the crossing, and lost one of its planes in that inhospitable region of fogs and storms.

Definite projects are under way for the establishing of aviation service between Europe and South America by following the route of the Spanish and Portuguese fliers across the narrowest part of the South Atlantic. Add these to the nearly linked England-to-Australia service and the lines from Europe to the Far East which are under development, and the immediate potential attains amazing proportions.

PROFITABLE HOSTESSING

AN ORGANIZATION that seems to meet almost all human needs except perhaps eating and sleeping is Hostesses, Inc., in New York City. It has done a business of around $100,000 in the past year, simply by performing a variety of services for those who ask help and pay for it.

Among the services rendered are shopping; furnishing companions, chaperones, and guides; planning parties and decorations for children or adults; closing or opening town houses for people departing on or returning from vacations and travel; house-cleaning; ordering railroad or steamship tickets; planning motor tours in this country or abroad; supplying clothes for special occasions; giving accurate fashion information, and so on. Visitors in the city can have an art critics pilot them through the galleries and foreigners can have a guide who speaks their own language as well as English. According to the secretary of the organization, anyone can call up about anything and receive service.

The profits of this business are used to aid working girls' clubs. That is a worthy philanthropy, no doubt. But what about the insidious, weakening effect upon the community served? Won't New Yorkers find their initiative and ingenuity dying from disuse?

SOUTH DAKOTA WANTS PRESIDENT

THERE is great rivalry among the states of the union to secure the president of the United States as a summer sojourner. The latest bid comes from South Dakota. The congressional delegation from that section has called upon Mr. Coolidge and invited him to spend his vacation in the Black Hills. They offer him the South Dakota State Game Lodge, thirty miles from Rapid City, surrounded by 147,000 acres of game reservation, as a residence.

The chief executive has smilingly filed the invitation away for future reference. At the rate these offers are coming in the "summer vacation" envelope will soon be very bulky, and if Mr. Coolidge were to accept them all in turn it would be necessary for him to have a life term in the presidency. Might not this give us a new and exciting political issue?

Hints and Dints

Sun sets tonight 5:36. Sun rises tomorrow 6:52.

It is said that popular movie films are being shown regularly to inmates in many insane asylums—probably with the idea of encouraging them to believe that they're not so crazy after all.

Warm weather of the past two weeks may have its disadvantages, according to the fruit growers. Fears are being expressed that old sol will coax out the buds, and a late blizzard may cook them. It seems mighty hard to get the weather just right for everything.

Some of the ash streets in the city have been in horrible condition since the recent thaw. When the frost went out of the ground, the ashes broke through, and the streets are now filled with great ruts. If the nice weather should continue, it won't be long until they will harden enough so that the scraper can be used to fill up the holes.

Henry Ford is going to buy a farm and engage in experimental work in an attempt to prove that all the agricultural labor of a year can be done in 20 days. If he demonstrates it can be done, we can see now where he's going to start a general back-to-the-farm movement. That idea has the five day week skinned a mile.

It seems strange. There are so few one-eyed men, and yet so many ladies equipped with umbrellas.

One musn't expect too much in this old vale of tears and laughter, a fact of which we are well aware, but in our moments of extreme optimism we do hope to live to see the day when Prohibition enforcement will be on such a plane that it won't be natural to wonder every time an administrator resigns, how much he got away with, in cash, quarts or both.

A Georgia farmer had a lot of cotton and a lot of sweet potatoes. He got 12 cents for his cotton and $1.65 per bushel for his sweet potatoes. He blames the government for the low price of cotton and thanks the Lord for the high price of his yams.

South Dakota college girl who tried to rob a bank is thought insane. On what grounds? An insane person is one who tries to rob a poorhouse.

Once more we are warned that hot coffee and hot soup are bad for the stomach. To keep the stomach hale and hearty, therefore do your eating at committee luncheons and annual dinners.

We have a suspicion Secretary Kellogg doesn't care very much what he's scared about, Mexico, Nicaragua, Guam or China, so long as he is comfortably scared all the time.

What do you think of the plan of the Board of Governors of an Automobile association to abolish speed limits in order to better regulate traffic on the highways? Men who have studied the matter say it isn't the speed of the cars that cause accidents but just about as exasperated at a slow driver as we have at fast ones. The man who gets out on the highway and jogs along at 15 miles an hour is just as likely to cause damage as the man who goes 45. With no limitations to the speed, what will be the result?

About the only advertisements that seem superfluous these days are the magazine pages which quote reduced rates for round-trip tours to China.

We suppose if Secretary Kellogg should see a red flannel petticoat he'd call out the army and navy to protect our institutions, but we guess there isn't any danger.

A man summoned for jury duty if he has an expressed or fixed opinion in a case is a disqualified for service, and our honest lay opinion is that a judge who denounces a law as unconstitutional disqualifies himself for trying cases involving violations of that particular law. It is not the duty or right of judges to denounce laws that the law makers pass, but every once in a while it is done. A judge in another county has expressed some very strong opinions on 1927 license tags with the table on the reverse side to mark violations.

It is so foggy in England at the present time that traffic is delayed by it. That kind of a fog would certainly cut off the sights on the streets.

The French liner Paris sailed from New York the other day without Mr. and Mrs. Stephen Galatti, two of her passengers. They had just been married but were 20 minutes late reaching the pier. The Paris sailed at 10 o'clock. The newlyweds thought the sailing time was 10:30. But the Paris didn't fail them entirely. It went to sea with the bride's complete trousseau aboard. However even a thing like that can't entirely spoil a honeymoon. Not by a good deal. The bride and bridegroom found it good to look over New York and take another steamer for Paris several days later. The trousseau will keep.

Don't Envy Doctors.

A Modern Devil.

Recently a doctor of middle age was murdered because he refused to answer a late night call. The woman calling him had died.

Yesterday, in Brooklyn, a similar tragedy occurred. A doctor, called by the family of a sick child, was delayed by some cause unknown. The child died and the doctor, arriving 20 minutes after the death, was murdered by inmates of the household, his throat cut, in revenge for the child's death.

Medicine is a profession not to be envied or entered upon lightly. Four hundred years before Christ Hippocrates, first real doctor, wrote the oath that begins:

"I swear by Apollo, the physician, and Asciepius and Hygeia and Panac, invoking all the gods and goddesses to be my witnesses that I will fulfill this oath and this written covenant to the best of my power and of my judgment."

When he worded that oath, binding those that swore to the most severe and loyal public service, Hippocrates realized the danger of his profession. He said, "I hold it to be physicianly to abstain from treating those who are overwhelmed with disease", meaning those absolutely incurable.

In ancient days the doctor's work was considered by the ignorant a work of magic, and failure might have caused resentment and murder.

That Brooklyn tragedy proves the wisdom of Hippocrates' ruling. Getting little thanks or pay when they succeeded, risking defamation or even death when they fail, you need not envy physicians their work.

John Wolman reported to a religious sect of old-fashioned views --very fundamentalist—that an evil spirit had taken possession of his wife, 35 years old. That seemed easy to the two reverend gentlemen that took the evil spirit in hand.

They knew he had to eat or get out, so they gave the woman no food for five days, and kept her tied down to her bed for three days. Prayers were said continuously, and probably that devil would soon have been discouraged.

But modernist business men heard about it, released the woman, called in regular doctors and the religious demonstration was spoiled.

If a chain is no stronger than its weakest link, how strong is the chain of human intelligence?

Newspaper, pulpit and stage are mirrors, each reflecting a certain part of the public. If you have an indecent theater or newspaper, or a superstitious pulpit, blame the public.

New York police closed certain theaters producing shameful plays. Court injunctions protected the plays, and one of the worst, on the point of failure before the welcome advertising came, actually had to hire a bigger building.

The people are what they are, not what anybody makes them. As they gradually change, church, theater, newspapers and laws change with them.

Just Folks

THE DANGER

The father said: "Walk straight ahead
And none will do you wrong.
If you walk this way from day to day
You will prosper and grow strong."
But later on, when he was gone
A stranger came along.

And the stranger said: "Don't walk ahead,
That way is long and slow.
It is worn and old, and its joys are cold
And a better way I know.
Just follow me, my boy, and see
Where the clever people go."

And the boy forgot what his father taught
And the lessons he had learned.
He made his choice with the stranger's voice,
And out of the road he turned.
For a stranger's word is often heard
When a truer friend's is spurned.

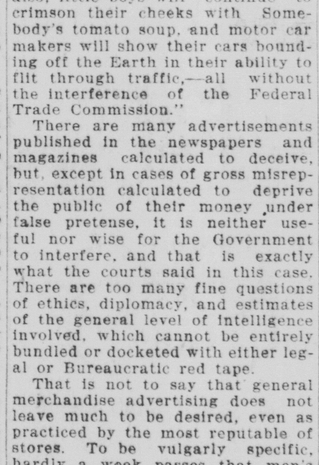

"Dear Lord!" cries man, "I will and can
The truth for my son provide.
I will be his friend to the journey's end.
His comrade and his guide,
But I live in fear, from year to year
Of the stranger he meets outside."

In Day's News

Louis W. Hill, who has revealed himself as author of the plan to consolidate the Great Northern Railroad, of which he is the head, with the Northern Pacific, is a son of James J. Hill, who financed and built the Great Northern system across the Northwest region of the United States. From youth Louis W. Hill was trained to succeed his father. He was sent East to Yale to be educated, was graduated in 1893 and then went back to St. Paul to learn the railroad business "from the ground up." When this had been accomplished he was put on the directorate and then, in 1907, was made president, to succeed his father. From the beginning of his career Mr. Hill has attended strictly to the business of running his railways and has left out Wall Street and all speculative phases of railroading. For years he has believed that the Great Northern, Northern Pacific and Burlington systems should be unified.

The World AND THE Mud Puddles

ONE "SNOOPING" COMMISSION.

The Federal Trade Commission, being one of the most recent creatures created by Congress, has been delving into advertising copy. The Commission thought that a certain manufacturer of matresses should not picture his employes compressing a yard of elasticity into a six inch bed of roses. Every Commission must make a showing of some sort. It is presumed that the mattress manufacturer had to be the "goat". Anyway, the Federal Circuit Court of Appeal determined that the mattress advertisement was all right, and now the New York Times reports that "the producer of condensed milk will continue to adorn his advertisement with cows smiling like a Mona Lisa; also, little boys will continue to crimson their cheeks with Somebody's tomato soup, and motor car makers will show their cars bounding off the Earth in their ability to flit through traffic,—all without the interference of the Federal Trade Commission."

There are many advertisements published in the newspapers and magazines calculated to deceive, but, except in cases of gross misrepresentation calculated to deprive the public of their money under false pretense, it is neither useful nor wise for the Government to interfere, and that is exactly what the courts said in this case. There are too many fine questions of ethics, diplomacy, and estimates of the general level of intelligence involved, which cannot be entirely bundled or docketed with either legal or Bureaucratic red tape.

That is not to say that general merchandise advertising does not leave much to be desired, even as practiced by the most reputable of stores. To be vulgarly specific, hardly a week passes that men's shirts are not offered in language calculated to give the impression that a price concession of 25 to 35 per cent. is being made. If a shirt of given quality can be obtained on any Friday or Saturday for $1.85, it is something worse than futile to tell men that the market value of that shirt is $2.50 or $3.00.

All too frequently a bargain sale announcement is accompanied by an explanation, as Koko says in the "Mikado" obviously intended to lend verisimilitude to anotherwise bald and unconvincing narrative, as "one of our regular shirtmakers found himself caught at the end of the season with a trainload of materials on hand," or "his building had been sold over his head to be converted into a night club. There was nothing for us to do, of course, but help him out, though naturally we insisted that his job lot of shirts should be up to our rigid specifications. His distress, plus our self-denial, equals your opportunity."

If the Federal Trade Commission would confine themselves to thus adding to the Gayety of Nations, all might be forgiven. But why a Federal Trade Commission.

In classing one house bill as "coevil" with another, the Congressional Record at least shows a nice judgment of values.

Dr. Crane's Editorial

CURES

There are no cures.

A movement is on foot, which will be vigorously combatted by interested parties, to stop the advertisement of all cures.

The human frame is a monstrously complicated piece of machinery. It requires special training and much experience to understand even the first principles of its working. Its cure should be in the hands only of qualified parties.

Every once in awhile some man or cult springs up and announces a cure. There are cures for diabetes, bright's disease and every ill from housemaid's knee to dandruff.

One trouble with all of these cures is that they prevent people from consulting the proper authorities, someone who understands them.

Carried away by the advertisements of the proposed remedy, the patient may delay too long in calling in the proper medical assistance.

There is a widespread prejudice against physicians. Some well-meaning people, including the late Elbert Hubbard, have done much to assist in this prejudice against the medical profession. But when all is said and done, what is this profession?

It is composed mostly of men and women who have been carefully trained and are properly experienced in the cure of the human body.

One of the principles of this profession is that there is no cure for disease. Nature does all the curing and the physician can only remove the obstacles that get in nature's way.

Most so-called cures alleviate pain or estop certain symptoms. They do not get to the root of the disease. It is one thing to have the pain in some part of your body cease and another thing to remove the cause which produces that pain. It is the latter object which is the aim of the medical profession, or should be.

Of course doctors are like all other groups of people and include the good, the bad and the indifferent. Some doctors are ignoramuses and some of them are slaves to prejudice, but as a rule they are more fair and open-minded than any other class of people because they are scientifically trained.

They represent no sect or cult or belief. Truth has no sect. It requires an open and hospitable mind.

The medical profession is as anxious to find out what will relieve suffering humanity as those outside of it could possibly be. But they will not put their stamp of approval upon anything that has not been carefull tested and tested in the open daylight.

Doctors are naturally skeptical, that is, they are slow in lining up in favor of anything that has not been carefully tried out.

And a good doctor is not in his business solely to make money. There is a system of ethics in the medical profession and service to humanity is placed before gain.

Banting, who discovered the use of insulin, gave his discovery freely to the world. He did not ask one cent for it and it was worth a billion dollars.

So anyone that has fallen upon something that is a boon to humanity is not liable to make of it a money-making device. People are properly skeptical of those propositions which are put forth for revenue only.

If you have any trouble go and see a regular physician. At least he is probably an honest man and will give you an honest opinion and he will say probably that he cannot cure you, but he may be able to help you.

First-class publications should not publish cures. It should be recognized that anything that advertises itself as a sure-cure for any disease is very probably a fake.

Up to date nothing has been found of more benefit to humanity than a knowledge of its physiology and an honest effort to put the human frame in normal and natural order.

POEMS HOVE

BY CHARLES HANSON TOWNE

"EMBRYO"

By Mary Ashley Townsend

Even those who do write verse themselves will understand the import of these lines. Mrs. Townsend an American, was a contemporary of Helen Hunt Jackson and Elizabeth Akers Allen, and published several volumes of verse. She was born at Lyons, N. Y., in 1832, and died in Texas in 1901. She was not great; but she had spontaniety and warmth of feeling in her poetic product, and these qualities won her much popularity in her day.

I feel a poem in my heart tonight,
A still thing growing,—
As if the darkness to the outer light
A song were owing;
A something strangely vague, and sweet, and sad,
Fair, fragile, slender;
Not tearful, yet not daring to be glad,
And oh, so tender!

It may not reach the outer world at all,
Despite its growing;
Upon a poem-bud such cold winds fall
To blight its blowing.
But oh, whatever may the thing betide,
Free life or fetter,
My heart, just to have held it till it died,
Will be the better!

Bank Resources Gain Steadily

State Report Shows Increase Of $181,803,868 During Past Year

MORE DEPOSITORS; NOTES OF CAPITOL

HARRISBURG, Pa., Feb. 15. — Resources of banks in Pennsylvania were $3,283,889,961.23, at the close of business for 1926 an increase of $181,803,868.55 over 1925, according to Peter G. Cameron, state secretary of banking.

Depositors increased from 5,018,375 in 1925 to 5,280,423 in 1926. Deposits in 1925 were $2,369,340,519.67 and in 1926, $2,490,507,256.24. Dividends in 1926 were $29,004,427.06, an increase of $3,135,697.05 over the preceding year. The number of financial institutions increased twenty-six during 1926. At the time of the last bank call there were in Pennsylvania 297 state banks, 435 trust companies, 10 savings banks, 50 private banks, and 175 national banks.

Republicans have a majority of 213 votes in both houses of the 1927 legislature. In the senate there are forty-five Republicans and five Democrats. In the house, where one seat is vacant due to the death of Edward L. Allum, of Mercer county, 190 of the 207 members are Republicans. Thus in both houses there are twenty-two Democrats while the Republicans can account for 235 votes.

Of the fifty seats in the senate sixteen are occupied by new members, the youngest member in service being Miles B. Kitts, of Erie, and Dr. William C. Hunsicker, of Philadelphia, they having been elected February 1 to fill the seats of deceased members. In the house there are seventy-three new members.

Senator Flora M. Vare, of the First Philadelphia district, continues to hold the distinction of being the only woman member of the upper house of the Pennsylvania legislature. The present house membership includes four women, half the number that sat in the house during the 1923 sessions, the first year women were eligible to serve as legislators in Pennsylvania. Women members of the present house are Miss Helen Grimes, of Allegheny county; Mrs. Ella C. Adams, of Fayette; Miss Alice M. Bentley, of Crawford; and Mrs. Martha M. Pennock, of Philadelphia.

There are two doctors of medicine sitting among the membership of the state senate during the 1927 sessions of the legislature. They are Dr. George Woodward and Dr. William C. Hunsicker, both of Philadelphia.

MABEL NORMAND IS IMPROVING

(International News Service)

LOS ANGELES, Feb. 15.—Mabel Normand, film actress who was stricken with bronchial pneumonia yesterday, was reported considerably improved today as a result will not be taken from her home to the Santa Monica hospital as was the intention of her physician, Dr. H. Clifford Loos.

The patient passed a restful night it was learned, and today was said to be out of danger.

Miss Normand was married only a few weeks ago to Lew Cody, also a screen star.

DINNER STORIES

An engineer while explaining the operation of a machine in a factory got so annoyed at the interruptions of a man that he refused to continue and walked away.

"Who is the fellow who pretends to know more than I do about that instrument?" he asked another man.

"Oh he's the man who invented it" was the answer.

One day Mrs. White, a pompous professor's wife, was discussing with some ladies a knotty problem, while her husband was busy in his study upstairs.

As the discussion proceeded one of the ladies exclaimed with a sigh:

"Well, there is one above who knows it all."

"Yes" said Mrs. White "William will be down in a minute and he will tell us all about it.

Overheard in a courtroom:

"The defendant seems somewhat taken aback."

"His vanity is hurt."

"How so?"

"Six prospective jurors say that they never heard of the case."

A man unaccustomed to praising his wife went out of his way to call her an angel.

She ventured to ask why she had been so honored.

"Well" said the wily one "in the first place, you are always flitting about; secondly you are always harping on things and thirdly, by your own account, you have nothing to wear."

"Ah old fellow" said a man meeting a friend on the street, "so you were married at last. Allow me to congratulate you, for I hear you have an excellent and accomplished wife."

"I have indeed" was the reply. "Why she is perfectly at home in literature, at home in music, at home in art, at home in science—in short, she is at home everywhere except——"

"Except what?"

"Except at home."

An unusually ragged tramp knocked at the door of a home and asked the mistress for alms.

"Aren't you ashamed?" she inquired. "You are so ragged and dirty."

"Yes" reflected the tramp, "it is a reflection on the generosity of the community."

NEW AIR MAIL OF NO BENEFIT TO NEW CASTLE

Pittsburgh To Cleveland Service Will Be Of Little Avail Here

Pittsburgh-Cleveland air mail service will begin with April 21 according to word from Arthur J. Lynch, chief of the traffic division of the Pittsburgh-Cleveland Air Mail Company.

One stop will be made by the planes and that at Youngstown. Schedules for service twice a day will be made public shortly. It is likely that schedules will be arranged so as to connect with the transcontinental service and will be quite an advantage to people in Pittsburgh and Youngstown.

This air mail route will be of little or no advantage to people of New Castle according to local post office authorities as mail can be dispatched by train to Cleveland almost as quickly as it would be to send by train to Youngstown and then to transfer to the planes and be retransferred again at Cleveland. land.

It is not likely that the route will come near enough to the city of New Castle that the planes can even be seen from here, for a straight line from Pittsburgh to Youngstown would likely pass somewhere near Enon Valley.

There are very few letters posted at the New Castle post office for the aid mail as letter will reach Chicago or New York almost as quickly by train as by air. The rate is 10c for each one-half ounce. Some letters are posted for points on the Pacific coast and few for points in Asia.

In Religious and Fraternal Circles

To Present Pageant

The pageant "The Striking of America's Hour" will be presented in Central Presbyterian church on Sunday evening, February 20, by the Christian Endeavor Society.

About fifty characters will take part, all properly costumed. The pageant is the most elaborate ever undertaken by the young people. The production will take the place of the regular evening church service.

Plan Contest

A unique contest is being carried on in the Epworth Methodist Episcopal church which has aroused much interest among church and Sunday school members. This is a contest between the various Sunday school classes in which credit is given for the reading of the Bible, of two Stewardship books, and of fifteen pamphlets on the same subject. Credit is also given for prayer meeting attendance, and for new subscriptions to the church papers. The result has been the rolling up of over fifty thousand points in two weeks, and in the largest prayer meetings for over ten years.

This contest is a prelude to the intensive religious services which will be held for at least two weeks beginning next Sunday evening. Dr. S. L. Maxwell, pastor of the church, will be the preacher for the week, and the music will be in charge of Mr. Sidney H. Carlson, solo tenor of the Richmond Avenue Church Quartette, one of the leading quartettes of Buffalo, N. Y. Mr. Carlson will be assisted in the music by his wife, who is an accomplished violinist.

Grace M. E. Church

Ladies Aid Society will meet Wednesday afternoon from 2 to 9 in the church to sew.

Meeting of the Sunday School Board and teachers of the Sunday school, Friday evening at the church.

Mothers' Meeting

Mothers' Prayer Meeting will be held Wednesday afternoon at 2 p. m., at the home of Mrs. Frank Swineford, 923 Croton avenue, Mrs. Pees, leader.

Second U. P.

Members of the Willing Workers class of the Second U. P. church will met this evening at the home of Miss Marie Snyder, 634 South Ray street.

Dewey Avenue Church

The Dewey Avenue Free Methodist church entered upon the third week of the revival campaign Monday evening with the blind evangelist, Rev. Morris Bunday, preaching.

The subject of his discourse was "The Unpopular Entrance". The speaker pointed out that there are approximately 500 different religions in the world, but only one true religion. The command to enter in at the straight gate was not issued by a particular individual, church, organization or even a prophet, but by Jesus Christ himself.

It takes courage to humble ourselves, confess and repent of our sins and make restitution. No compromise is acceptable to God.

Missionary Meeting

Woman's Missionary Society of Highland United Presbyterian church will meet Thursday evening, Feb. 17, at 7:30, at the home of Miss Rose Butz, Moody avenue, instead of Friday evening, Feb. 18.

Martha Lodge.

Martha Lodge No. 10, True Ivorites of America will meet this evening at 7:45 o'clock in the First Congregational church.

Mothers' Class.

Mothers' class of the Primitive Methodist church met at the home of Mrs. Stanley Redman of DuShane street on Monday evening with 31 members present. The meeting was opened by repeating the 23rd Psalm and prayer by I. E. George. After a solo by Mrs. Brown readings were given by Mrs. Tate, Mrs. Arthur and Mrs. H. Gibson.

Less Wheat Will Be Harvested In County Next Season, Forecast

Harvest time next summer will likely see less wheat harvested in Lawrence county than there has been for many years, due to so many of the farmers being unable to plant the crop last fall on account of the extremely heavy rains.

The rains started in August just when the ground is generally plowed for the wheat crop, and there was hardly a let up until late in October so that very few of the farmers were able to plant at all. And a great many that did get their wheat planted had to do so under such adverse conditions that it is likely they who did not plant are as well off.

For the spring weather that we have been having the last week or so, is causing the wheat to show up green brings to light the sad fact that much of the wheat that was planted were either drowned out or badly nipped by the zero weather.

Therefore it is likely that, since hardly one third of the crop of wheat was planted and much of that which was planted it likely not to produce very well, we shall see a very small local crop of winter wheat and the price will likely be high unless better conditions exists in other parts of the country.

The late spring weather does not seem to have advanced the buds on fruit trees to such an extent that even if hard cold weather should set in there would be any damage done. Yet the sap is running and if this keeps up and a cold spell does come than we may expect some damage.

Brother Of Local Woman Is Killed

SHARON, Pa., Feb. 15.—Clyde Campbell, 45, Sharpsville, employed as a brakeman on the Sharpsville railroad, was fatally injured, when he was caught between two cars which he was coupling in the yards near the roundhouse.

Death was not instantaneous, but his body was so badly crushed, that he expired on the way to Buhl hospital.

Deceased was a member of the I. O. O. F. lodge and the Brotherhood of Railroad Trainmen.

He is survived by his widow, two daughters, Bethea and Evelyn and one son, Fred, all at home, his mother, Mrs. Nancy Campbell of Greenville, one brother, Joseph of Sharpsville, and four sisters, Mrs. A. W. Lever, Greenville, Mrs. Hodge, New Castle, Mrs. Emma Hazen, Hadley, and Mrs. Mattie Bagnall of Stoneboro.

Dillinger Heirs Not Yet Named

(International News Service)

GREENSBURG, Pa., 15.— Although the will of the late D. L. Dillinger, local multi-millionaire, who left an estate estimated at between $6,000,000 and $8,000,000 has been filed for probate with the Westmoreland county registrar of wills here, the specific benificiaries have not yet been named, it was learned today. The administrators of the Dillinger estate have six months in which to file the names of the Dillinger heirs.

She was a member of the debating team that defeated the University of California recently, and also of the teams that opposed Oxford and Princeton.

TWO DRAW 99-YEAR TERMS IN 20-MINUTE TRIAL FOR $80 THEFT

DALLAS, Tex., Feb. 15.—Sentences of 99 years in the Texas penitentiary were meted out here to C. R. Bloomhuff, 25, and Charles P. Savage, 24, both of Kansas City, for an $80 drug store robbery.

The court proceeding required only 20 minutes, the defendants pleading guilty on the promise of District Attorney William McGraw that he would not ask the death penalty, which may be imposed for robbery with firearms.

Here's Real Relief From Neuritis

In 24 to 48 Hours Pains Are Often Relieved and You Get Rest and Comfort Again.

Torturing pains—the kind that pierce and burn and never seem to let up—that rob a man of his sleep—that make him just a bag of nerves and all worn out.

Those are the pains that dope and coal tar products can only partially relieve.

The safest and most efficient way to get rid of the persistent, nerve-racking pains of Neuritis is to get a bottle of Allenrhu Special Formula No. 2. Be sure you get No. 2, which comes in capsule form. Take these little dark green capsules as directed and in about 24 hours you should be able to notice that they have considerably reduced if not almost banished those severe, torturing pains that have caused you so many sleepless nights. Continue for two or three days more or until you are satisfied with results.

It doesn't matter how long you may have suffered or whether your Neuritis is in the shoulder, arm, neck or legs, Allenrhu Special Formula No. 2 should give you speedy relief. McKee's Kut Rate Store, Eckerd's of New Castle, Inc.; Ellwood City Agent, F. L. Schweitzer or any good druggist will be glad to supply you.

FAMILY MEDICINE FOR COLDS, BODY BUILDING

Father John's Medicine Treats Colds and Builds Up the Body. Contains No Alcohol or Dangerous Drugs.—70 Years in Use.

Father John's Medicine is a doctor's prescription and was prescribed for the late Rev. Father John O'Brien of Lowell, Mass., in 1855.

Father John recommended this prescription to his parishioners and friends, and in this way it became known as Father John's Medicine.

This old-fashioned food medicine makes flesh and strength for all the family and helps to build up energy to fight off cold and grip germs.

Father John's Medicine has a history of over seventy years' success treating coughs, colds and throat troubles, and as a body builder. Guaranteed free from alcohol or harmful drugs.

Present Bids For City Autos

Council Receives Bids For Two New Cars For Police Use

CONTRACT IS NOT AWARDED TODAY

Seven local firms today presented bids to the city for automobiles which council proposes to purchase for the police department. The bids were opened, read and then referred to committee. No cars were bought today because Councilman William Burns and W. V. Tyler did not attend the session.

Council advertised for two cars, one to be a seven passenger and the other, a five passenger auto. The city owns two cars, seven and five passenger automobiles, which will be traded in as part payment.

Bids Presented

The bids read as follows:

John S. Crowl & Son: Essex sedan, $707, and small Buick.

John S. Crowl & Son: Hudson super-six, seven passenger, completely equipped, $1,215, and large Buick.

John S. Crowl & Son: Essex sedan and Hudson super-six, seven passenger, equipped, $1,922 and two city Buick cars.

C. W. Cook, Peerless, seven passenger touring, $2,150.

C. W. Cook, Peerless sedan, $1,725, delivered.

C. W. Cook, Peerless seven passenger and sedan, $3,000, and two city Buick cars.

Foster Brothers: Dodge, 5 passenger, equipped, $1,020 with allowance of $350, for Buick car, or $670.

Foster Brothers: Dodge sedan, $1,055, or $350 allowance on Buick car owned by city, $705.

Lawrence Auto company: Buick 7 passenger sedan, $1,627, net, which includes allowance on old Buick.

Lawrence Auto company: Buick 5 passenger, $1,124.12, net, which includes allowance on an old Buick.

Lawrence Auto company: Buick, 918.92, which includes allowance on old Buick.

Barnes-Snyder Motor Car company: Studebaker big six, $1,575, equipped, allowance of $350 on an old Buick, or $1,225.

Barnes-Snyder Motor Car company: Studebaker Phaeton, $1,340, allowance of $350, on an old Buick, or $990.

Barnes-Snyder Motor Car company: Studebaker Phaeton (used) $800, invested by the firm in the car; will allow $350, for an old Buick or bid or $500.

Gunton Motor company: Nash, Special Six, 5 passenger, equipped, $1,300.

Gunton Motor company: Nash Advanced Six, 7 passenger, equipped, $1,680.

Gunton Motor company: Allowance of $500 for old cars if Nash cars bought, or a bid of both cars of $2,480.

Hall-Anderson Motor Car company: Studebaker Big Six, 7 passenger, $1,500, allowance of $450, on old Buick, or $1,050.

The net bids presented follow:

Hall-Anderson, on one car, $1,050.

Gunton Motor on two cars, $2,480.

Foster Brothers, bids of $670 and $705.

J. S. Crowl: bids of $707 and $1,215 or for two cars $1,922.

C. W. Cook, bid on two cars, $3,000.

Lawrence Auto: bids of $1,627.12, $1,124.12 and $918.92.

Barnes-Snyder, three bids on three cars, one of which is used of $1,225; $990 and $500.

After the bids had been opened and read, Councilman D. O. Davies moved they be referred to the committee of the whole.

Mayor Dunlap added or else to a "special committee as we want to get the bids out of the committee Friday."

Mr. Davies remarked that he did not want to do anything without the absentees, Tyler and Burns, being present.

Sick Man Wins Case After 12 Year Fight

"No man ever suffered more from constipation than I did. After taking Adlerika, a case of chronic constipation of 12 years' standing was dismissed by my intestines."—M. L. Fleming.

Unlike most medicines, Adlerika acts upon BOTH upper and lower bowel, giving the intestines a REAL cleansing and bringing out old poisonous matter you never thought was in your system. Even if bowels move daily, you will be surprised how much more old matter Adlerika brings out which may have been causing all your trouble. In slight disorders, like occasional constipation, GAS bloating, indigestion or sick headache, ONE spoonful always brings relief.

Adlerika is a compound of the best saline intestinal cleanser with glycerine, buckthorn, cascara and other gas-expelling and detergent elements. It is excellent for Intestinal Stasis, a disease due to modern ways of living and which is often the true cause of sour stomach, gas bloating, nervous dyspepsia and restless sleep.

Doctors Praise Adlerika

Dr. H. L. Shoub, New York: "Adlerika, in addition to its intestinal cleansing, checks the growth of intestinal basteria."

Dr. A. C. Curl: 'I prescribe Adlerika with highly satisfactory results."

Dr. J. Weaver: "In my 50 years' practice, I have found nothing to excel Adlerika."

J. E. Puckett: "After using Adlerika, I feel better than for 20 years. Awful impurities were eliminated from my system."

Dr. F. M. P. (name withheld by request): 'I use Adlerika in all bowel cases. Some require only one dose."

No matter what you have tried for your stomach and bowels, Adlerika will surprise you. At leading druggists. In New Castle at Love & Megown's.

Corn Stalks Must Be Destroyed By Middle Of May

Spread Of Corn Borer To Be Checked — Drastic Orders Being Issued

All corn stalks must be cut and burned or put in such shape that they can be burned or plowed under completely before May 15 according to a state regulation in order that the spread of the corn borer may be checked, is a statement received today from the State Agriculture Department.

Twelve officials are making surveys of rural sections that are in the infested districts and they report that farmers are very willing to cooperate when they understand the loss that may result if they neglect to do everything possible to check the rapid spread of the corn borer.

Lawrence County was placed in the quarantine district last year and all farmers will need to be very careful to check this pest from spreading further and destroying the crop here and farther south.

In flooded districts farmers are asked to clean up all corn remnants immediately so that floods may not wash the material outside the quarantined areas.

"Clean practice in handling corn fields is the only practical means of fighting this insect," state authorities report. "The time to fight it is now, while the infestation is slight, rather than to wait and let it get so bad that it will seriously damage the crop, possibly making it even impossible to produce a corn crop, as is now the case in certain parts of Ontario."

Pennsylvania Coal Operators Demand Wage Reduction

Negotiations At Miami Strike Serious Snag Today

By KENNETH CLARK.
International News Service Staff Correspondent

MIAMI Fla., Feb. 15.—Negotiations of the joint wage conference between the bituminous coal miners and operators struck a serious snag today when the Pennsylvania coal owners formally demanded a reduction in wages in order to meet competition from the non-union fields.

Through H. E. Baker, Pittsburgh operator, the Pennsylvania group said further negotiations would be futile unless the miners agreed to accept a competitive wage below the $7.50 a day scale now in effect.

John L. Lewis, president of the United Mine Workers replied that his organization would never accept a wage reduction.

Chicken Owners Make Protest Against Planes

With the establishment of the Pittsburgh-Cleveland air mail service, is it likely that the poultrymen of this district will be making protest as did the poultrymen of Prantford, Ontario who claim that the planes will check egg laying.

The hens it is claimed by the poultrymen of Ontario would be so frightened by the appearance of aerial vehicles overhead that egg production would be greatly reduced, therefore a protest has been filed with the city council against the establishment of an air harbor in Brantford.

So if several planes a day go screaming overhead across the county on their way to and fro between Pittsburgh and Cleveland is it likely that the Lawrence county biddies will take them for monstrous hawks and fly squawking to cover and the daily frights cannot help but interfere with egg production.

Another danger might come by the dropping of a monkey-wrench from a plane into a basket of eggs as the farmer lass is carrying the crop to the house. That would cause quite a scramble. It is certainly something to be looked into.

Lions Endorse Plan For Organization Of Unit Of Mounted Engineers

King Lion W. D. Stitzinger was unanimously elected delegate of the local Lions club, to the annual International Convention to be held at Miami, Florida in June. Dr. J. L. Reed, first vice president, was unanimously chosen as alternate delegate. The vote was taken at this time to help the Pennsylvania delegation make their plans for train and accommodations.

At the meeting held at noon at the Elks club, A. W. Chilton, Commissioner of the Chamber of Commerce spoke on behalf of organizing here a company of mounted engineers. Capt. Beary of Harrisburg also spoke on the project and the club unanimously endorsed it. Capt. W. Fulton Jackson and Lieut. Neely of this city were also present on this matter.

Attorney Homer C. Drake gave a short address on business and law and Harry Elwell gave a blackface sketch and song.

Pymatuning Dam Project Before State Legislature

Conference At Harrisburg Monday Results In Move Being Made

SOME FUNDS MAY BE PROVIDED FOR

(From News Bureau, State Capital)

HARRISBURG, Pa., Feb. 15.—Following a series of meetings here on Monday by men interested in the Pymatuning dam project, some action during the present session of the General Assembly is probable.

Fred Fruit of Sharon, F. W. Walker of Beaver Falls and J. O. Brown came into Harrisburg for the meetings, at which the members of the Senate and House from the interested counties were present, and the net result of the conferences is that two bills, both calling for an appropriation of $650,000, will be presented, one in the House and one in the Senate. Senator George T. Weingartner will present the Senate bill and Representative William F. Stadtlander will probably present it in the House.

The work already done in the Pymatuning dam project was gone over at the meetings. The state has already appropriated $400,000, which has been spent in the purchase of land near Conneaut Lake. On the Ohio state side of the property, 5,000 acres of land are bought, to which the state of Pennsylvania has flowage rights.

While it will require millions of dollars to put through the construction work, it will first be necessary to purchase all land necessary, and if the appropriation bill for $650,000 goes through and is signed it will be utilized in purchasing the balance of the land needed.

To the Shenango valley the Pymatuning dam is not only a desirable thing, it is a vital necessity, for upon the necessary water supply the welfare of industry depends. When completed the dam would impound millions of cubic yards of water, regulate the flow of the Shenango river, prevent floods and furnish an even supply of water for the valley.

Governor John S. Fisher is thoroughly familiar with the project and its necessity. As a state senator he interested himself in the matter and he has indicated a friendly interest in the matter now. He is of the opinion that the communities that will be directly affected should provide some of the funds necessary, and this feature was partly taken care of in the 1925 session, when a bill was passed allowing counties to bond themselves for such a purpose.

The probabilities are that the bill for the $650,000 will be presented on Monday night, Feb. 22.

KNOCKED INTO NEXT TOWN.

HOBOKEN, N. J., Feb. 15.—Struck by a railroad locomotive traveling at the rate of 10 miles an hour, Richard Vietheer, a track worker, was knocked from Jersey City into Hoboken. The track gang was working near the boundary of the two cities when Vietheer was struck. He fell just across the line, 15 feet away.

Code Changes Are Suggested

Bills Outline Changes Believed Necessary By Governor Fisher

HOUSE COMMITTEE CONSIDERS MEASURES

By ROSS DOWNING
International News Service Staff Correspondent

HARRISBURG, Pa., Feb. 15. — Three bills outlining what changes Governor John S. Fisher believes are necessary in the administrative code today are before house committees. The majority of the proposed changes in the state's "Book of Rules" already have been forecast by the Governor.

Changes Suggested

One of the more important changes is that the topographic and geologic survey return from the Department of Forests and Waters to the Department of Internal Affairs from which it was removed at former Governor Pinchot's instance. A number of statutory regulations and salaries are abolished and both left to the discretion of the executive board.

The Securities Act instead of being administered by two deputy secretaries of banking would be in the hands of a commission to be appointed by the Governor. It would remain in the Department of Banking.

One section provides that the present limit of six million dollars or state active deposits be increased to ten million dollars, another that the amount which may be deposited in one bank be increased from $300,000 to $500,000.

One new board to be known as "board of trustees of Central State Penitentiary" is created to manage the Rockview penitentiary. The "State Registration Board for Professional Engineers" is created to replace a similar one wiped out by supreme court decision.

Boards Transferred

A number of boards and commissioners are transformed from their present status to new departments: Included in that list is attaching the State Athletic Commission to the Department of Military Affairs.

Present salaries would be increased as follows: Insurance Commissioner from $7,500 to $10,000; Secretary of Mines from $6,000 to $10,000 and the Commissioner of Fisheries from $4,500 to $6,000. The Act of 1923 increasing the salaries of the State Treasurer and Auditor General from $10,000 to $12,000 is incorporated in the new draft.

The majority of the amendments are mainly minor modifications of the powers and duties of the several departments, boards and commissions.

The bills were drawn by Deputy Attorney General William Schnader who drafted much of the administrative code under the Pinchot regime.

MUCH GOITRE AMONG SCHOOLS OF COUNTY

MERCER, Pa., Feb. 15.—Of the 137 schools in Mercer county allotted to County Medical Director Dr. S. J. Dickey for physical examination of the pupils there yet remains for the work of the doctor but 25.

The schools are located in Wheatland, South Pymatuning, Hickory and Jefferson townships and the towns of Fredonia and Grove City.

Each child is given a thorough physical test and the records retained in the office of the county medical director. The test is the first of its kind of so thorough a nature in Mercer county.

The results from so large a body of children establish a criterion of the general health conditions in the county. It is found that incipient goitre in children from 12 to 16 years of age is present in such a percentage of the total as to make the conditions worthy of further investigation.

Sure of Himself Now!

So Clean Inside, No Fear of Perspiration Offense, However Over-Heated

Once a person realizes the wonderful properties in **cascara**, no other laxative in the market would ever be considered.

It's no trick to "clean out the bowels." Dozens of things will do that. But a little natural cascara purifies the system clear through. Cleanses even the pores of your skin. Renders perspiration as inoffensive as so much dew! The old-fashioned way was 'salts." They get action, but they take the mucous membrane along with the waste matter! Mineral oils are gentler, but they leave the bowels with a film of poisons for the blood to carry off through the pores. But when you cascarize the system, you get rid of all the poisons **by normal muscular action of the bowels.**

If you have the habit of taking medicine for constipation, or even for auto-intoxication, stop it. For a candy cascaret is a delightful form in which to take cascara; children love them, and the taste tempts most grown-ups to have "more."

And what a comfort to know you are in that clean, wholesome condition that does away with any need of deodorants, even in warmest weather! Try a cascaret tonight—see how you feel next day, and for days after! With the skin fresh and fragrant. All druggists, 10c and 25c.

"ANYTHING that gets results, was all the thought I ever gave to laxatives. In those days my perspiration was so acid, it used to rot my clothes. Then a doctor tipped me off to those wonderful little sweeteners—

Councilmen To Send Moseley Sleuthing For Depressions In Streets

Some of these days city council will fool the people by discovering a plan which will result in persons who excavate in streets being forced to properly refill the holes made in thoroughfares.

This belief is obtained from the fact that Mayor Dunlay today revamped the question of refilling holes; a question that is so aged it has grown whiskers and can only support itself with a cane.

The mayor was hot under the neckpiece today and why shouldn't he be? Didn't policeman find 13 holes in streets yesterday; and didn't they only look for them on routes traversed by motorcycles?

Councilman Davies said that he did not believe that an inspector should be hired. He intimated that there are enough men in city hall now drawing salaries to alleviate this condition.

Finally council "hit" upon a plan—"they'd buy a used car for Lou Mosely" and "this would give him a chance to cover lots of ground in his quest for violations."

So city council intends to buy a small car and Mr. Mosely will be asked to learn to operate it. It will be his duty to investigate and make persons properly refill holes torn up in thoroughfares.

The question of proper refilling has been brought before council probably once a week at least once every two weeks for the past 12 or 15 years.

Legislation preventing excavation permits after November 15 has been passed but the law has not been consistently enforced.

Councilman Genkinger no doubt is right when he says that to refuse such permits, would retard building.

He believes every person opening a ditch in a street should be forced to put a sign on it, telling who opened the ditch.

Recently an open ditch was reported three night in succession. Action resulted after an auto driver claimed he crashed into it and damaged his car.

Another chapter which arose in the time-worn topic was that there should be some way the city could employ men to refill and charge the cost to those taking out excavation permits.

Angle upon angle was discussed but it all simmered down when it was suggested and decided that the city should buy a small car and Mr. Mosely should watch for improperly filled ditches.

If this plan works out, surely indeed, the people will have been fooled; automobilists will not have to buy new springs for auto cars and council can forget "Improperly refilled ditches."

INCOME TAX HEADQUARTERS OPENED HERE

Headquarters of the internal revenue department in this city for the receiving of income tax returns for the past year, will be located in Room 203 of the Union Trust Company Building, over the First National Bank of Lawrence County.

Authorization for the opening of temporary quarters at that place for the purpose of assisting citizens in making their income tax returns and filing them, was received Monday by Marion J. Woods, internal revenue collector and everything is now in readiness for the receiving and making out of income tax returns.

This office will be maintained from February 15 to March 15 at this place by the government for the convenience of the income taxpayers and those who are required to make such returns are expected to report in at this office during that period of time.

There will be ample facilities provided to take care of any business of that kind that originates here.

George Kuech, the other collector in this city, will visit various points throughout the county at different dates for the accommodation of persons in the respective districts.

He will be at the Hillsville post office Wednesday and Thursday of this week and at the Bessemer post office on Friday and Saturday. Those persons in those districts required to make returns should get in touch with him at that time.

He will be at the Ellwood City fire station from February 21 to March 1 for the accommodation of the income taxpayers of that district.

WASHINGTON, Feb. 15.—The United States had a balance of trade of $60,000,000 in its favor during January, with exports totaling $419,000,000 and imports of $359,000,000, the department of commerce announced today.

Flaming Love Passion In Flesh And the Devil

John Gilbert, star of "The Big Parade" and the most romantic figure on the screen today, has a role that is just his style and that audiences will love in the flaming narrative, "Flesh and the Devil".

Greta Garbo plays the strange charmer of the story—a soulless vampire masked by her amazing beauty.

It is a truly magnificent, brilliant picture of soul gripping climaxes.

SEARCH ENDS

Following a search of 16 years, A. R. Cravy, itinerant carpenter, has found his twin daughters, Lessie and Hessie, pictured here with him. His 50,000 miles of wanderings have ended at Visalia, Calif. When the twins were only two years old, their mother died. The father, out of work, placed them in a Los Angeles home, from which they were later adopted.

Captures Pair Of Flying Squirrels

S. R. Mitchell Of Harlansburg Finds Two In Tree Being Cut Down

While cutting down trees in Hammerschmidt woods, near Harlansburg, S. R. Mitchell, came across a tree in which were several flying squirrels. Mr. Mitchell caught two of these and took them to his home. Putting them in a box and covering them with a piece of glass he thought they would be safe for the evening. After giving them a royal feed of chicken and corn, Mitchell went to bed.

He was awakened from his quiet slumber by the barking of his little house dog, and on going to investigate the trouble, it was found that the squirrels were out. Mr. Mitchell, like most any sleepy person would do, went back to bed, thinking he would have a merry chase in the morning. Came morning, the squirrels could not be found in the room, and thinking they had escaped, their new owner went to put their box away, to find them in it. They had their fill of exploring and had gone back to their new home, in the cigar box.

Mr. Mitchell had them into the office this morning, where most of the News force gave them the once over. Having heard others speak of how tame these little "darlings" would become, the writer adopted them, only to find that it don't pay to handle them until you have had a formal introduction.

PUBLIC SQUARE TRAFFIC MOVES ARE CONSIDERED

Council And Street Car Company Officials Discuss Other Projects

D. J. Graham, assistant manager of railways, and C. C. Coulthard, division superintendent, P.-O. Electric, today conferred with city council relative to the construction of a comfort station on the Public Square, a new way of handling interurban traffic at the Square and improvement of South Mill street and Crawford avenue.

Relative to the comfort station, a member of council recalled that council last May instructed that a committee, consisting of the planning commission, municipal and P.-O. engineers and members of council be appointed by the mayor. The city clerk sent notices to the commission. Since then the proposal has laid dormant until today.

At today's session D. J. Graham made a statement similar to the one made by R. N. Graham, his superior, at the May meeting. The assistant manager of railways today said that the company would be willing to co-operate in conducting an inquiry into "what could be done". Councilman Genkinger advanced the station plan last May.

According to their conversation relative to changing the present traffic method at Public Square, Assistant Manager Graham would have cars loop the west half of the Square. The interurban cars, instead of backing in, as at present, would loop the lower half of the Public Square, but the east side of the Square would be used as a terminal.

This method, it was pointed out, would give traffic operating north and south clear routes. Every time a car backs into the Public Square now it ties up traffic north and south. Whenever cars unload at a point in front of Cripps Hardware Store traffic is completely suspended. The same situation arises in front of the Y. W. C. A. when passengers board Youngstown cars.

Relative to the P.-O. Company's plans to participate in municipal improvements, D. J. Graham spoke favorably in regard to only one street, it being the repaving of South Mill street. Mayor Dunlap developed that the company had promised to "go along" on improvement of Crawford avenue resurfacing if they were allowed to do the South Mill street work last year. The specifications were "lost" and as a result neither thoroughfare was improved.

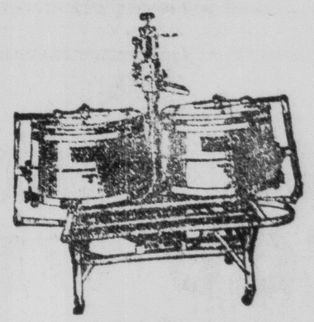

The city, according to Mayor William Dunlap, is not anxious to improve Cedar street this year. The P.-O. Company official said he could not speak for the company relative to Cedar street, as he had not yet been told what the budget for 1927 will be. Pending this information he did not feel qualified to state his position regarding Cedar street.

ATTENDS BANQUET AT ROCHESTER, PA.

Pat Dempsey attended the banquet held by the Rochester Post of the American Legion last evening. Mr. Dempsey, who is district commander, made an address at the meeting.

Mr. Dempsey, Harry M. Long and Ivor Davis will attend the meeting of the Ellwood City Post of the Legion this evening in the interests of the membership contest that the New Castle Post is having with that post.

Germany To Okay Export Credits Of 175,000,000 Marks

(International News Service)

WASHINGTON, Feb. 15—Government guarantees and export credits amounting to 175,000,000 marks are contemplated in the new German budget which was recently introduced into the Reichsrat, according to information to Secretary of Commerce Hoover from Acting Commercial Attache Douglas Miller, at Berlin.

"This action is said to indicate that the government is satisfied with the progress made in the present year under the various export guarantee plans, in particular the official guarantee of Russian purchases," Miller said.

The plan is seen in Washington as a continuation of the trend of German official opinion in promoting foreign trade and in the gradual reestablishment of the German pre-war markets abroad. Already Germany has made signal progress in its commercial efforts the country again ran king with United States and Great Britain as the leading foreign trade nations.

Miller's information showed that of the appropriation for the budget year begining April 1, 30,000,000 marks are to be diverted to export credit insurance. Another 20,000,000 marks will be devoted to increasing the export of agricultural products. A sum of from 20,000,000 to 25,000,000 marks will be divided among certain long established and substantial export houses in order to provide the necessary export credits.

"The money," Miller explained, "will be handled by the Reichskredit-Gesellschaft. The firms will have to submit all details of their proposed business and their applications will be given careful scrutiny.

"The remaining 100,000,000 marks are left as a reserve, to be used to carry out large export orders placed with the cooperation of foreign governments. It is said that some extension of the present guarantee system of Rusian purchases may be expected. Possibly guarantees of German exports to some of the smaller eastern European countries, such as the Baltic States, and the Balkins may be included."

The government has postponed the date at which new contracts under the 300,000,000 mark Russian export guarantee may be registered until May 31. This extension was made in view of the fact that orders this year are taking up only 140,000,000 marks of the government's guarantee.

A German banking consortium which is financing these orders, is reported to have secured a total of 180,000,000 marks for the transaction. A foreign consortium, in which owe German banks participate, has another 50,000,000 marks.

Bitten By Poison Scorpion, Dealer Cuts Off Finger

DENVER, Colo., Feb. 15.—Frank Alioto, a fruit dealer, was bitten in the finger by a scorpion while handling bananas. Knowing that such a bite proves fatal in a majority of cases, he deliberately cut the finger off at the first joint. Then he went to a physician and had the wound dressed.

Fire Siren Sounds For College Classes

(Special To The News)

NEW WILMINGTON, Pa., Feb. 15.—Gaps in the daily lives of students at Westminster College since the burning of Old Main, the administration building, January 24, are rapidly being occupied by new arrangements. The latest vacancy, that of the old bell in the belfry by the installing of an electric fire siren on the Science Hall.

The siren, a shrill sounding affair which can be heard in every nook and corner of New Wilmington, was tested for the first time Monday afternoon and put to use Tuesday morning. It will sound daily at 7 a. m., and will sound for the assembling and dismissal of classes. The sound to the unaccustomed ear, is rather harsh, but this will wear off in a few days.

New Teachers At Junior High

Some Changes Are Made In Ben Franklin Junior High School Teaching Force

Three new teachers have been added to the Benjamin Franklin Junior High school this semester, two of which are to fill the vacancies caused by the leaving of Miss Gilkey and Mr. Milford. Miss Gilkey was transferred to the science department of the Senior High school while Mr. Milford went to teach Biology in Western High school, Detroit, Mich.

The vacancy caused by Miss Gilkey has been filled by Henry A. McCracken a graduate of Washington and Jefferson college. Mr. McCracken taught at Kiskiminetas Springs school at Saltsburg, Pa., before coming to New Castle. He teaches general science and mathematics.

The place left vacant by Mr. Milford is taken by Murrill H. Ruggles who teaches general science. Mr. Ruggles is a graduate of Case School of Applied Science at Cleveland and before coming to New Castle taught in Cleveland.

Neil A. Rounds is a new shop teacher teaching drafting and mathematics. He formerly taught in Warren county, Jefferson county, Clarendon and Erie. He received his training at Edinboro Normal and the School of Engineering of Milwaukee.

Best Way to Loosen Stubborn Cough

This home-made remedy is a wonder for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is cheap and simple, but very prompt in action. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, throat tickle, bronchial asthma, or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use clarified honey, instead of sugar syrup. Either way, you get a full pint—a family supply—of much better cough syrup than you could buy ready-made for three times the money. Keeps perfectly and children love it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable guaiacol, known the world over for its prompt healing effect upon the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co. Ft. Wayne, Ind.

Girl Says Negro Shot Youth Who Was With Her

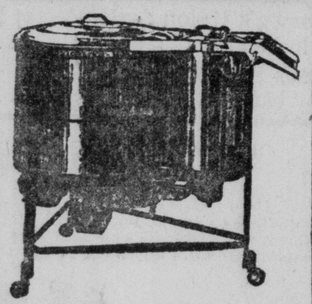

(International News Service)

PITTSBURGH, Pa., Feb. 15. — Police today investigated the story of Esther Simons, 19, a pretty blonde, who alleged that an unidentified negro leaped upon the running board of an automible in which she was riding with Fred Doelbar, 24, here late last night, and shot Doelbar to death when the latter refused to heed the bandit's order to stop.

The girl told police Doelbar attempted to shake the negro from the car by swerving into a curb. As the car crashed into a sidewalk, she alleged, the negro fired one shot, which lodged in Doelbar's heart, and fled. The girl ran to a nearby drug store, told of the shooting, and disappeared. She was located by detectives and lodged in jail on a technical charge.

Tax Revision Measures Given To Legislature On Monday Evening

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Feb. 15. — Twenty definite recommendations on taxation problems as outlined by the Pennsylvania Tax Commission today were before the legislature. Bills to accomplish what the legislature believes necessary toward general tax revision were introduced last night.

Three specific recommendations were made for general tax reduction. Two proposals were introduced to lighten the burden of local taxation. Regarding state taxes the commission suggested the merging of many of the specific funds in the treasury, increase in fees for heavy motor trucks and reduction of the brokers license fee.

No New Taxes

No new taxes were recommended for immediate adoption because the commission believes that the present revenues will be sufficient for the needs of the next biennium. Changes were urged for more efficient methods of tax collection which it is believed will increase the revenue of the state.

Charts and figures in the report of the commission contained that the average tax burden in Pennsylvania is less than in most industrial states.

Further bond issues except for completion of the highway system were strongly opposed. A pay-as-you-go policy is favored and believed possible in every activity of the commonwealth.

Permanent Commission

A permanent state tax commission was suggested and the need for it outlined. This commission, it is said, should be intrusted with the assessment and collection of all inheritance taxes and mercantile licenses. Evidence was cited to support the report's contention that such a system of collection would save the people of million dollars a year and bring into the state about two million dollars which is not being collected under the present system.

One of the bills proposed would adopt a permanent tax of two cents a gallon liquid fuels. At present the permanent tax is one cent a gallon, the present additional cent expiring June 30, 1927.

Tax reduction recommendations proposed include:

Tax Reductions

(1) The inheritance tax should allow a $5,000 deduction from all states and certain lower rates on other bequests.

(2) Repeal of four mill tax on municipal and school district bonds.

(3) Reduction from one-third to one-tenth of one per cent of the corporate charters bonus.

Analysis of taxes paid by different classes of business, the report asserted, showed that there is a great difference in the burden as imposed at present. Anthracite coal companies were found to be paying 35 per cent of their net income in state and local taxes while manufacturing companies paid but five per cent. All classes on non-manufacturing companies taken together were found to be paying, in proportion to their income, more than three times as much in state and local taxes as manufacturing concerns.

Because of these inequalities two alternative proposals were suggested as soon as the state actually needs additional revenue and a thorough revision of business taxation becomes imperative.

A general tax on the net profits of all business at a rate of from two to four per cent is snuggested as the best means of reaching all concerns equitably. If such a tax becomes effective, the report favored reduction on repeal of the capital stock tax. Certain other taxes including the anthracite coal tax and the mercantile license taxes would be repealed.

Other recommendations of the commission regarding state taxes were the merging of the many of the special funds of the treasury and increase in the license fee paid by heavy motor trucks, especially those with solid tires. Repeal of the present tax on gross receipts of private bankers and substitution of a new profits tax of two per cent on bankers and brokers also was favored.

Two Men Jailed For Monaca Murder

Mystery Of Man Missing For Months May Be Cleared

ROCHESTER, Pa., Feb. 15.—Mark Hill of Monaca and Earl Irons of Center township, were arrested last night and lodged in the Beaver county jail pending an investigation into the death of James H. Poulain, 35, of North Rochester, whose frozen body was found in a stone quarry near Monaca yesterday.

An autopsy by Coroner H. C. McCarter and Dr. J. R. Armstrong of Monaca disclosed that Poulain's death was caused by shock and hemorrhage superinduced by a fracture of the skull and a crushed chest.

Poulain disappeared on the night of December 26 last. His partly decomposed body was found by Frank Phillips, 19, of Colona Heights. When he left home Poulain was accompanied by Hill, his brother-in-law, it is said, and later the two were joined by Irons. On February 6 the reservoir at Monaca was drained.

Part Of Luzerne County Under Dog Quarantine

(International News Service)

HARRISBURG, Pa., Feb. 15.—Portions of Luzerne county will be under quarantine against rabies for 100 days, effective at once, Dr. T. E. Munce, state veterinarian, announced last night. Continued prevalence of rabies in the section made the action necessary, it was explained.

During the quarantine period all unmuzzled dogs found running at large, even though they wear license tags, may be killed. The owners of such dogs will be liable to prosecution.

The cities, boroughs and townships included in the quarantine are as follows:

Boroughs: Avoca, Dupont, Hughestown, Yatesville, Laflin, Laurel Run, Ashley, Sugar Notch, Warrior Run, Duryea, West Pittston, Exeter, Wyoming, West Wyoming, Forty-Fourth, Swoyersville, Luzerne, Dourtdale, Pringle, Kingston, Edwardville, Larksville, Plymouth, Shickshinney.

Cities: Pittston, Wilkesbarre and Nanticoke.

Townships: Pittston, Jenkins, Plains, Wilkesbarre, Hanover, Newport, Conyngham, Salem, Union, Hunlock and Plymouth.

Brilliant Pianist Plays Tonight At Westminster College

NEW WILMINGTON, Pa., Feb. 15.—The Artists' Course at Westminster College has been most attractive this year and more color and interest will be added Tuesday evening when Miss Marion Rous, brilliant pianist of New York City, presents a program in the Community Hall. "What Next in Music?" is the title of the program.

A wide variety of modern compositions will feature the program—ragtime, humorous conceptions, descriptive pieces, together with an informal running commentary upon modernistic ideas in music.

Denver Barber Shaves Famous

DENVER, Colo., Feb. 15.—If you want to learn about men—shave them.

According to Tony Borowski veteran barber of the Brown Palace hotel here there is no better way of learning the characteristics of famous as well as "commoners" than by running a sharp razor over the stubble on their face.

Tony shaved Presidents Cleveland, Roosevelt and Harding and says they were all "fine fellows" and 'not a bit important."

Paderweski he said probably was the most particular of any of the famous men he has worked on and he found William Jennings Bryan here in 1908 a "kindly good natured man."

Parrot Boasts 126; Silent On Plumage

LONDON, Feb. 15.—Pete, London's oldest parrot is bald. Having lost so many feathers his owner will have little jackets made for him to keep him warm. Owners can produce records in 1801 but how old he was then is mere assumption.

Pete is owned by Col. W.B. Ferris of Philbeach Gardens, S. W., London who had the bird 55 years. The records show Pete was captured by a British soldier in India 126 years ago after a battle between the English forces of the Rajah of Satara of which the parrot had been the tribal mascot.

Pete has no feathers in breast or back. He talks almost constantly and has a voracious appetite.

Too many love affairs are taken to court instead of to heart.

PARROT DIES AT AGE OF 100 YEARS

SHARON, Pa., Feb. 15.—Polly, 100-year-old parrot owned by Mr. and Mrs. R. S. Stewart, North Water avenue, died after a two month illness. The bird first came into the possession of relatives of the Stewarts 50 years ago when it was given to Mrs. Stewart's mother, Mrs. Lena Eichler of Blythdale, by Edward Osborne of Cedarville. Osborne also had owned the bird for 50 years. It is possible that it may be over the century mark, according to bird fanciers Mrs. Stewart is planning to have the bird stuffed.

Don't let it out, but the society editor of the Pratt (Kan.) Tribune is Eloise A. Leak.

House Is Ready For Rules Debate

Session Of State Legislature Somewhat Enlivened Monday Night

NEARLY 900 BILLS NOW INTRODUCED

By ROBERT F. GORMAN
International News Service Staff Correspondent

HARRISBURG, Pa., Feb. 15. — The House was ready today for the long heralded debate on adoption of the rules which will govern this session. On a motion offered Representative Marcus, Allegheny, the rules' discussion was made a special order of business for today and expectations were that some lines would be drawn before the rules are adopted finally.

Members of the House appear ready to enliven the present session and the slight outbreak last night was still being discussed today. Representative Hagmaier, Allegheny, started things going last night when he picked out the Marcus joint resolution, amending the constitution so as to combine all of the districts in Allegheny county and call the region of Pittsburgh, which was on the second reading calendar, and moved that it be sent back to the committee on constitutional reform. The motion was seconded by Representative Howe, Allegheny, and then Representative Marcus voiced his opposition.

Marcus said that a hearing would be arranged when the bill reached the senate but Howe contended that the House was the place for the open discussion. Howe declared a roll call and later a verification of the vote but the Hagmaier motion was lost and the bill remained on the calendar, being passed later on second reading.

One hundred and forty five bills, thrown into the hopper in the House last night were referred to committees today, bringing the total number of bills already referred above 900.

Probably the most important bills referred today were those amending the administrative code and which will travel through the House and senate as administration bills. Their traveling companions, of course, will be the tax measures prepared by the administration.

COCHRAN TO ATTEND CAUCUS AT WASHINGTON

MERCER, Pa., Feb. 15.—Congressman-elect T. C. Cochran of Mercer representing the 28th Pennsylvania congressional district at the next session of congress will attend a caucas of the members of that body to be held at Washington on February 21.

The new legislators do not take the oath of office until December. The causas of this is preliminary to their organization at this time.

Among English premiers William E. Gladstone holds the record with four terms. His total service extended for about 14 years.

How Old Is A Flapper?

(International News Service)

DENVER, Feb. 15.—How old is a flapper? Ask Mrs. George W. Miel, wife of a local physician, who is 57, looks 27, and says she feels 17.

"As the years go by, I seem to acquire new enthusiasms," declares Mrs. Miel, and demonstrated by cutting a few fancy figure-eights on the ice at Washington Park, where she can be seen any morning, clad in a snappy sport costume, enjoying the keen early morning air.

"I learned to skate six years ago, when I was just 50, and am fairly good at fancy stuff, now."

One has only to watch her to believe it.

"I'm not trying to imitate the flapper, I'm just being myself, and myself is a woman who doesn't feel any older than she felt forty years ago," says Mrs. Miel.

She was married to Dr. Miel at 17, and the doctor does his best to remain youthful with his bouyant wife, swimming and dancing with her, and taking in all the social affairs that a busy medico's life will permit. But the doctor gives his wife the honors in skating.

"Bob my hair?" says Mrs. Miel, "Not on your life! Look at it!" And she let her silver tresses fall below her knees. No cosmetics mar the bloom of her healthy complexion, and her skirts are of modest cut.

"I don't have to dress like a flapper to feel as young as one," she confides.

Mrs. Miel met with the first accident in her sporting career recently, a fall on the ice resulting in a broken arm. But broken bones do not daunt the 57-year old sportswoman. She was back on the ice, her arm bound in splints, within two weeks of the accident.

People wonder how she finds time to skate every day, attend social functions and entertain young people at least once a week.

"I just take time," she declares, "because I consider those things essential. I do all my own housework, too," she added proudly.

Troop A Holds Well Attended Banquet

Numerous Speakers Urge Boys To Carry On And Stick Together

Members of Troop A, 104th cavalry and special guests to the number of 32 yere in attendance last night at the banquet held at the Ever Ready Inn, North Mercer street at 8 o'clock.

The members of the troop assembled at the armory and then went to the Inn in a body. Sergeant Robert Boughter acted as toastmaster of the occasion.

The speakers of the evening were Capt. A. Martin Graham, Captain M. L. Craig in charge of the C. M. T. C. in this district; Lieutenant Paul W. Keely, officer in command of the troop; First Sergeant Frank Seltzer and Sergeant Marvin Avery Third cavalry, U. S. army, attached to Troop A.

All the speakers referred to the past of the troop and expressed regret that it was to pass out of the existence of New Castle but urged the boys to stick together and when the new mounted engineer company is inaugurated here to take an interest in it and make it a most successful unit.

The affair was one of the most sucessful of such events ever held by Troop A.

The first refrigerator car in China has recently been put in service on the railway between Shanghai and Nanking.

J. L. Calahan Speaks Before Ministers

Explains Purpose And Plans Of School Of Leadership Held In Carnegie Auditorium

J. Lee Calahan, Scout executive of Lawrence County was the speaker at the weekly meeting of the Ministerial Association, Monday in the Y. M. C. A., taking the place of Rev. Charles O. Frank, pastor of Bethany Lutheran church who was unable to be present.

Mr. Calahan gave an interesting talk on the "Need of Leaders in Scout Work." He also explained the purpose and plans of the School of Leadership which is being conducted every Monday evening in the Carnegie auditorium. This school is not only for Scout work, but for leaders in Young People's Societies and Bible School work. Mr. Calahan asked for the co-operation of the ministers in this work.

Adjutant E. J. Perkins of the Salvation Army was enrolled as a new member of the Association. Mr. Perkins asked that each minister select one or two members of his church to become one of the members of the Salvation Army Board.

DROP TWO TEAMS IN BOY'S LEAGUE

A meeting of the Boy's League basket ball team was held in the Y. M. C. A. Monday evening with Walter Kirker in charge. It was decided at this meeting to drop two of the teams in the league because of the fact that members of these teams could not be present when a good many of the games were played, causing a mix-up in the schedule. The two teams were, Senior Hi-Y, and the Handys Service Stores. This leaves six teams to start the second half of the schedule, they are: Bear-cats, Regals, Muskateers, Athletics, Buccaneers, Croton Scouts.

The second half will start Saturday, February 19. The Athletics are champions for the first half, and will play the winners of the second for the championship of the league.

Heals Eczema In 7 Days or Less

Or Your Money Back

Here is a surgeon's wonderful prescription now dispensed by pharmacists at trifling cost, that will do more towards helping you get rid of unsightly spots and skin diseases than anything you've ever used.

Not only does this great healing antiseptic oil promote rapid and healthy healing in open sores and wounds, but boils, abcesses and ulcers that are discharging are almost immediately relieved and cleanly healed.

In skin diseases its action is little less than magical. The itching of eczema is instantly stopped; the eruptions dry up and scale off in a very few days. The same is true of barber's itch, salt rheum and other irritating and unsightly skin troubles.

You can obtain Moone's Emerald Oil in the original bottle at any modern drug store. It is safe to use, and failure in any of the ailments noted above is next to impossible. New Castle Drug Co., Love & Megown, McKee's Kut Rate Store, Eckerd's of New Castle, Inc. can supply you at any time.

Quiet Reigns In Coal Fields Of West Virginia

(International News Service)

MORGANTOWN, W. Va., Feb. 15.—Quiet reigns throughout the Northern West Virginia coal fields, with little indication that the outcome of the wage scale conference now in progress in Miami will have any bearing upon the situation here, coal operators here said today.

They pointed out that only one mine in Northern West Virginia is operating as a strictly union plant, and that in the open shop mines the workmen will not be affected by the outcome of the conference.

Union officials here, however, were confident that if a strike call is issued the non-union men will answer it.

To Resume Work In Old Coal Mine

(International News Service)

AUDENRIED, Pa., Feb. 15.—The Lehigh Valley Coal Company has installed pumps in the old Buck Mountain slope which was abandoned years ago when engineers said the veins were "worked out". Water will be pumped from the gangways and the pillars robbed. These are said to contain huge quantities of anthracite.

The coal company owns the houses of the miners overhead and has ordered them to vacate owing to "cave-ins" which are sure to occur. This will be an instance where a town will be destroyed to reach fuel.

Local Hairdressers To Organize Tonight

Hairdressers of New Castle will meet tonight at eight o'clock at the Leslie Hotel for the purpose of forming a local organization to be affilated with the national organization of hairdressers. Several officers of the national body will be present.

Stop That Cold--Quick

It is said that the rapidity with which this new prescription ended his patients' colds was even a surprise to the physician who originated it. After the first dose you can actually feel your cold or grippe slipping away. The nostrils clear, nose discharges end, fever and aches are banished. Yet it contains no quinine to make the head roar or upset the stomach; no acetanilide to weaken the heart; no harmful drugs whatever. Pleasantly laxative but no griping. No weakening after effects; in fact, you brace right up. Far superior to old fashioned remedies and patent medicines. Ask for Thoxine Cold Tablets. 50c. Sold under money back guarantee of the quickest relief you ever had, by Love & Megown and Terminal Drug Store.

MANY ASH ROADS PLANNED BY COUNTY

MERCER, Pa., Feb. 15.—While the road program for Mercer county in 1927 of an improved nature is held up awaiting a conference of the county commissioners and the new highway commissioner relative to future activities county supervisors are active in planning the building of ash and slag roads in their respective townships.

An appropriation of $5,000,000 has been asked of the legislature for construction of this type of roads. With that body certain to act favorably on awarding an amount that will permit of the construction of many miles of this type of highway supervisors are making their plans now to get started early in the spring says F. P. Minner county commissioner in charge of this work for the county.

Formulation of a future activity in primary road construction is also a part of the work of the office of the commissioners during the coming year. All roads programmed have been biult excepting the Clarks Mills-Sheakleyville that will be completed this year.

Veteran Railroader Trying To Solve Farmers Problems

By CHARLES P. STEWART
(Exclusive Central News Dispatch to New Castle News)

WASHINGTON, Feb. 15.—B. F. Yoakum, the railroad man, has been one of the most picturesque figures Washington has seen during the fight over farm relief legislation. For years he was the chief executive of various western railroads.

"B. F." views the farm problem with all the intensity of a railroader whose lines are dependent on an agricultural country for the bulk of their traffic, who realizes that said lines can't prosper unless the country they serve is prosperous, and who certainly wants to see his roads making money.

Hence, as a railroad man he's about the most enthusiastic rooter for the farmer's interests of any individual who frequently visits the capital.

"B. F." is a farm co-operation plugger.

He can't see any equalization measure for the farmer as anything but a stimulant which, if it gives a false sense of exaltation to agriculture for a while, is sure to end in delirium tremens.

The agricultural invalid, he says, wants, not dope, but an operation.

He recommends the removal of the middleman and the speculator.

"B. F." may be right or wrong as to his diagnosis, but there's no doubt about its sincerity. He honestly wants agriculture to be healthy, in order to have it as a good, active customer for his railroads.

The agricultural co-operative operation has been performed on a small—that is to say, a statewide scale, with excellent results, "B. F." points out.

But how, he asks, can an intrastate operation be expected to give more than purely local relief to an interstate patient, suffering from and interstate malady?

What "B. F." wants is national agricultural co-operation, and he says an operation of federal proportions is required to make it possible.

In simplest language, B. F. Yoakum wants to cut everybody out of agriculture but producer, consumer and transportation agent, between them.

But unless the government provides the liaison, he doesn't believe it's possible. Otherwise it's to the interest of too many brokers to chip in and reap a profit out of the transaction.

That's why he demands federal legislation.

"B. F." is about the only survival of the original railroad builders, on a large scale, in the country.

The Southwest was his field, and he started with a construction crew.

He shoveled dirt and laid ties on the lines he subsequently was president of. He never was a swivel chair railroader.

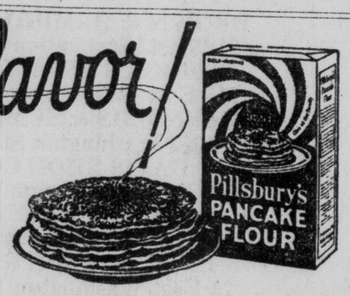

He's a tall, big-boned old man, with the face of a fighter.

"B. F." created states like Texas. He found the raw material and developed it, with a pick and shovel and at the end of a six-gun.

He has his adverse critics, who say times have changed and that he no longer knows, from his offices in New York, what the new West requires.

All the same, he had a large share in building it. He had a distinct idea how he expected it to turn out and if it doesn't answer up to his anticipations, he's decidedly emphatic in saying so.

NOT PUNCHING DRIVER'S CARDS

State Highway Patrolmen Here Have Not Started Plan As Yet

"We have not yet commenced punching drivers licenses here as yet" said a member of the local highway patrol when questioned today concerning the violations for which a "ticket is punched."

Acording to the drivers license a record of each violation is maintained in the bureau of motor vehicles at Harrisburg and the licenses of habitual violators will be suspended or revoked.

Each card bears a list of violations for which a warning "punch" can be inserted and if the driver is arrested he takes his punch and it chops out an "A." signifying arrest.

The violations for which warnings and arrests can be made are: Reckless driving, glaring headlight, front tag obscured, parking on highway, illegal headlight device, no headlight, no operator's card, rear tag not illuminated, muffler cutout, failure to have the car registered and using license plates on other than the car for which they were issued.

The "punch' system in many districts has caused a wave of protest and at Pittsburgh a suit to test the validity of the highway's new plan has been started.

TODAY'S RECIPES

Raisin Nougat Cake—Five tablespoons boiling water, two ounces bitter chocolate, one-half cup butter, one and one-half cup sugar, half cup milk, one and three quarters cup pastry flour, three teaspoons baking powder, one-quarter teaspoon salt, one teaspoon vanilla, one-half cup raisins. Melt choclate with boiling water. Cream together butter and sugar, add beaten egg yolks, milk and chocolate. Mix well; add flour sifted with baking powder and salt. Sprinkle portion of this over raisins and combine with batter. Add vanilla and beat thoroughly. Fold in stiffly beaten egg whites. Divide mixture into three layer cake tins and bake in moderate oven (300-350 degrees F.) for fifteen minutes. When cool put together with nougat filling.

Nougat Filling—One egg, beaten separately, three tablespoons powdered sugar, one-quarter teaspoon salt, one cup thick sweet cream, one cup raisins, plumped and chopped, one-half cup chopped nuts, one-half cup shredded cocoanut. Beat the egg yolk until light, then add the powdered sugar and mix thoroughly. Add salt to egg white and beat until stiff, then combine this with the cream, also beaten until stiff. Combine the egg yolk mixture with the egg white mixture, then fold in the chopped raisins. Spread between the layers of the cake and sprinkle cocoanut over each and on top.

(To plump raisins, put in cold water and bring to boiling point and boil 5 minutes. Heat food chopper in boiling water and put through, using coarse cutter.)

Raisin Griddle Cakes — One and three-quarter cup flour, one teaspoon salt, one tablespoon baking powder, one-half tablespoon sugar, one-half teaspoon soda, one cup buttermilk, one egg, one tablespoon melted butter, one cup raisins. Sift together dry ingredients. Beat egg, add milk and butter and combine mixtures. Treat raisins in any of the above mentioned methods. Drop by spoonfuls on to hot greased griddle. Bake on one side until bubbles appear around edges, then turn and finish cooking. Use these same proportions only substitute one and one-half cups chopped figs for the raisins.

Raisin Waffles — One and one-quarter cup flour, one-third cup bran, one-half teaspoon salt, three teaspoons baking powder, one cup milk, two eggs, one tablespoon melted shortening, one cup raisins. Sift eggs, add milk, butter and combine with other ingredients. Treat raisins in any of the above mentioned methods. Pour onto hot greased waffle iron and cook until brown on both sides. Figs may also be substituted for raisins here with excellent results.

Mrs. Lois Thompson Speaker At Banquet In Trinity Church

Mothers And Daughters To Meet For Annual Event On Wednesday Evening

Arrangements for the big Mothers and Daughters banquet on Wednesday evening at 6:30 o'clock in the Guild Room of Trinity Church indicate a very successful affair and are completed. The committees of the Men's Club, who are to cook and serve the good things, promise to show the ladies something new in the art of ministering to the inner woman. Surprises always add interest to an affair and it is said the men have something up their sleeves.

Mrs. D. C. Lindley and Mrs. R. M. Garland, with their committees, have been working hard over the program and the tickets. The results speak for themselves as to those taking part and insure a delightful and worth while evening. Present prospects indicate that "everybody will be there," for the Mothers and Daughters banquet in Trinity Church is very popular.

Those taking part and their numbers are as follows:

Piano solo, "Mazurka," by Saint Saens, Mrs. Paris Shoaf.

Vocal selection, "Mother, O my Mother," by Ernest Ball, Mrs. Howard Meehan.

Reading, "The Sin of the 'Coppenter' Man," by Edmund Vance Cooke, Miss Betty Glover of Westminster College.

Vocal selection, "Mother," by Oley Speaks, Mrs. William Woodworth.

Address of the evening, by Mrs. Lois Cory Thompson, Dean of Women, Grove City College, Grove City, Pa., an educator of national reputation, a much sought after speaker before women's organizations, who is daily meeting the problems of girlhood as they are.

The toastmistress will be Miss Mary E. Van Divort, head of the Latin Department, Senior High school and Superintendent of Trinity Church school.

Italian Aviator Reaches St. Vincent

(International News Service)

MADRID, Feb. 15. —Commander De Pinedo, Italian aviator, who left Sardinia on Sunday for a trans-Atlantic flight, has arrived at St. Vincent, according to a dispatch received today from the Cape Verde Island.

Commander De Pinedo left Villa Cisneros in Spanish Africa early today, after a 1,000 mile hop from Rabat yesterday.

The speed that Commander De Pinedo has accomplished thus far indicates that he will attempt to set a record for the flight.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips". Twenty-five cent and fifty cent bottles, any drug store. "Milk of Magnesia" has been the U. S. Registered Trade Mark of The Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Your Income Tax

Income Tax in a Nutshell:

WHO? Single persons who had net income of $1,500 or more or gross income of $5,000 or more, and married couples who had net income of $3,500 or more or gross income of $5,000 or more must file returns.

WHEN? The filing period ends March 15, 1927.

WHERE? Collector of internal revenue for the district in which the person lives or has his principal place of business.

HOW? Instructions on Forms 1040A and 1040; also the law and regulations.

WHAT? One and one half per cent normal tax on the first $4,000 in excess of the personal exemptions and credits. Three per cent normal tax on the next $4,000. Five per cent normal tax on the balance of net income. Surtax on net income in excess of $10,000.

No. 26.

Amounts paid or accrued within the taxable year 1926 as interest on indebtedness are deductible with certain exceptions, from gross income in determining net income. Such items include interest on money borrowed to defray personal expense and money borrowed for the purchase of real estate. If a person owes money secured by a lien or mortgage on his home the amount of interest paid on such indebtedness may be deducted. However interest need not be evidenced by a lien, judgment or mortgage to make the interest thereon deductible. Frequently indebtedness is evidenced only by notes without additional security.

Interest on behalf of a friend or relative where there is no legal obligation on the part of the payer can not be deducted. In such cases the payment amounts to a loan or gift.

Since interest may be deducted it follows that interest received is subject to the income tax. Interest need not be received in cash, but is constructively received when credited and held subject to call. For example interest credited to a taxpayer's savings account for the year 1926 is income for that year.

Capacity House Is Now Indicated For "Rose Marie"

Indications are that there will be a capacity house on the appearance of "Rose Marie", the big musical success, at the Scottish Rite Cathedral on the evening of March 8.

This is the first production of this type that has shown here in some time and it will probably be the only show of its type to be presented here this season.

The Cathedral is the proper setting for a production of such stupendous proportions as this, and this will mean that the production can be presented in its proper style. The many lighting effects of the Cathedral will have much to do with the enjoyment of the audience on this occasion.

It is being brought here under the auspices of the New Castle Ball Club.

Elect Jones As Delegate From Star Of Wales

The Star of Wales Lodge, No. 60, True Ivorites of America, held an interesting meeting Saturday evening. Glen Davies of Cunningham avenue, was received as an applicant for membership into the lodge. Henry T. Jones of Waldo street, past president of the lodge, was elected a delegate to the annual convention of the order, which will be held at Utica, N. Y.

The following members are still on the sick list of the lodge: Edward Gibbon, Shaw street; Griffith M. Jones, East Washington street, and Harry Davies, of Du-Shane street.

At Saturday's meeting, Charles Richards of Highland avenue, was installed as an inside guardian by Daniel Richards.

Brinley Hughes of Cunningham avenue, received word from South Wales stating that his mother is improving in health. Mr. Hughes will not go to Wales as he had expected now that his mother is better, but he will go there next May.

John Evans, manager of the Cash Buyers Store, is ill at this time.

The order is glad to hear that Evan Hopkins, Sheridan avenue, is feeling fine once more. He has been ill for a few weeks and was greatly missed as he was filling the office of a conductor of the lodge.

the doctor orders—
a quick efficient Tonic

When thousands of doctors prescribe Gude's Pepto-Mangan for their patients, you can have the fullest confidence in its prompt tonic power. Physicians have given this prescription for over 34 years because they know the value of its organic iron and manganese in this ideal form, easily assimilable by the weakest stomach—because its effectiveness has been demonstrated by hundreds of careful tests at the hands of experts, because they have found it uniformly successful in their own practice.

What Doctors Say:
"I have obtained very good results with Gude's Pepto-Mangan."
"I have used both your tablets and liquid with happy results."
"Have used Gude's Pepto-Mangan for many years and find it excellent."

There is no better recommendation than that of a skilled physician. You can get Gude's Pepto-Mangan at your druggist's in liquid and tablet form.

Marriage Age Sixteen Years, Bill Provision

Measure Before State Senate Would Allow Issuing Of License

HEAVY PENALTY FOR BANDITRY

Other Measures Are Before State Senate At Night Session

By WILLIAM B. BROWN
International News Service Staff Correspondent

HARRISBURG, Pa., Feb. 15. — Included in the twelve bills scheduled for the third reading before the senate today is that of Senator Augustus F. Daix, Philadelphia, fixing the minimum age for marriage at sixteen years.

The Daix Bill provides that issuance of a license to persons under that age rests entirely in the discretion of judges of the orphans' court.

Penalty For Banditry

The measure which provides life imprisonment or the death penalty for bandits apprehended with firearms was recommitted to the judiciary general committee. It is sponsored by Senator Samuel Salus, Philadelphia.

Another bill by Salus which would make the owner of a motor vehicle responsible for all garage and storage rent regardless of who made the contract for such service also was sent back from the second reading calendar to the judiciary general committee.

The McDade Bill which would permit district attorneys to employ finger print experts, on the third reading calendar last night, also was sent back to the same committee. The only other measure on that calendar was amended and if printed will be up again for final action today.

New Bills

Included in the six bills reported from the committee last night and passed to second reading for today is that of Senator Mansfield, Allegheny providing that municipal officers shall remain in power until their successors have been duly qualified.

Two score new measures, mostly appropriations and highways, made their appearance last night. Included were:

Weingartner, Lawrence, making the maximum fee for charitable fund solicitors 25 per cent.

McDade, Delaware, giving boards of health power to drive out Gypsy bands.

Ptischner, Allegheny, requiring permits for new cemeteries and specifying conditions under which they may be established.

The senate met for today's session at 11 o'clock.

Auto Dealers To Hear Registrar At Conference

Superintendent Price Will Explain "Punch System" On Operators Cards

ELLWOOD CITY, Feb. 15.—Automobile dealers from the vicinity are availing themselves of the privilege of hearing the department head of motor vehicles of the state on Wednesday evening at the dinner of the Ellwood City Motor Club and the interclub conference of the clubs of the western part of Pennsylvania and eastern Ohio. Yesterday Dr. W. C. Cook, president of the Beaver Valley Motor Club, reserved places for 10 dealers of Beaver Falls who desire to hear Benjamin G. Eynon and Captain Price.

The reservation list for the dinner closed today, but the Motor Club offices announced this afternoon that they will take up reservations at the office until 11 o'clock on Wednesday. Telephone 475.

The Kiwanis quartet, with Bill McGlincy, Tom Foley, Prof. Smith and C. W. Carbeau, will entertain. Prof. Bartel directs the group, playing the piano.

The motor club talk of the dinner will be made by Fred Caley of Cleveland. Mr. Caley returned a few days ago from a trip to the west coast with the executive committee of the American Automobile Association. He will, no doubt, tell the guests of motordom in western cities and the progress that trans-continental highways are making in that section.

Manager T. W. Rudderow of the Pennsylvania Motor Federation will be present and is expected to talk on proposed legislation now being considered in Harrisburg, which affects the motoring public.

In the afternoon Mrs. B. J. Bell and the committee, composed of Mrs. L. E. Springer, Mrs. C. P. Cloak, Mrs. C. M. Iseman, Mrs. W. H. Braley, Mrs. B. D. Turner and Mrs. M. A. Bickett, will meet tthe lady guests of the conference at the Bell home on Glenn avenue. A social afternoon will be spent, while the business session of the conference is held in the Elks Club. The dinner will be held promptly at six o'clock at the Trinity Lutheran church, the ladies of the church serving.

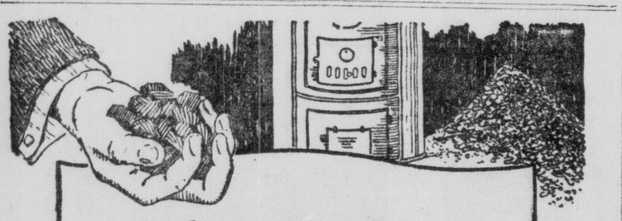

Members of the club are invited to attend the business session in the afternoon at the Elks' Club, where an opportunity of acquaintanceship with the motor club leaders of the two states can be had.

CHOIR REHEARSAL

ELLWOOD CITY, Feb. 15.—Members of the Baptist church choir will meet for weekly rehearsal at the home of Mrs. Victor Grove on the New Castle road. The date has been changed from Thursday night to tonight.

WHAT THEATER?

Coke is Coal without the soot!

COKE is what is left after the dirt-making matter in coal has been removed at the coke oven. That is why you can burn coke in your home furnace and have a clean home.

Being concentrated, coke burns longer and gives a much greater heat than coal, therefore requiring little attention, needing no poking and causing very little ash.

And we believe Clairton Nut Coke to be the best coke in the market for home furnace use—and the most economical.

A New Adventure in Motoring Comfort

Cradled in over-size springs that measure 82% of its wheelbase, the Erskine Six makes touring a new experience. And even in city driving this little aristocrat of motordom smooths out the cobbles and tracks that come too many to the mile.

Although the Erskine Six Custom Sedan is only 5 feet 7½ inches in height, it is so spaciously dimensioned within that men over 6 feet tall find ample leg and head room.

The rich broadcloth upholstery covers cushions and backs that are shaped to hold the body in its most restful riding position.

The chassis of the Erskine Six is swung low—a factor for comfort and safety combined. The driver finds everything placed for his comfort and convenience—instruments and controls of headlights, ventilation, windshield cleaner conveniently at hand.

Here is the luxury and comfort of custom bodies at the cost of bare transportation heretofore—"extravagant advantages" at an "economy price" in first cost and upkeep. You never rode in a more comfortable car than The Erskine Six or bought gas for a more economical one for it yields 25 to 30 miles to the gallon.

Don't be surprised when you find you want an Erskine Six the instant you discover how easily it handles—how it weaves its way motorcycle-like through the tangled threads of traffic, accelerates from 5 to 25 miles per hour in 8½ seconds, and turns in an 18-foot radius. Critical motorists in Europe as well as in America have pronounced The Erskine Six the most revolutionary car in years.

Equipment Erskine Six Custom Sedan:

4-wheel brakes; full size balloon tires, two-beam headlights, controlled from steering wheel; bumpers, front and rear, oil filter; rear traffic signal light; cowl ventilator; one-piece windshield; thief-proof coincidental lock to ignition and steering; automatic windshield cleaner, rear vision mirror; hydrostatic gasoline gauge on dash; instrument board compartments; dome light; robe rail; broadcloth upholstering with broadlace trim.

PETERS ADVENTURES IN ANIMAL LAND

By Florence Smith Vincent

"YOU MUST BE MISTAKEN!"

It was hot, even along the river. True enough, the grass that grew on its banks was green as green could be, but then the grass would be the last to suffer from the heat, since it stood root deep in damp marshland. But the wind felt it was no time to stir up things, and it kept so quiet that not even a leaf was rustled by its breath. And to folks who know anything at all about the wind this tells just exactly the sort of a day it was.

A little way back from the shore grew a tall, tall tree, and beneath this tall tree was a patch of shade, and lying in this patch of shade a figure.

A big beetle with wings of gold and green came lazily flying along, and, having no place in particular to go and no breeze behind him to drive him on, he decided to alight for a short rest in the welcome shade. But he chose to alight in a most unfortunate place for him—right on the tip of the nose of the sleeper.

"Ugh!"

Up went a band, down dropped poor Mr. Beetle, plop to the ground, and there for a moment he lay, his wits and breath almost knocked out of him.

The sleeper woke up, sat up, looked about him.

"Holy smokes!" he cried. And the first sound Beetle heard when he came to was a long, low whistle.

As if 'twere a call he had been waiting for, out from where he'd been lying hidden trotted a Dog so long and lean that he looked more like a gaunt ghost of himself than the flesh and blood creature that he really was.

"You called, Master!" barked he. "In what way can I serve you?"

LYING IN THIS PATCH OF SHADE WAS FIGURE

The boy, for Boy it was, who'd been sleeping 'neath the tall tree, gasped.

"Your master? I? Sorry, Dog, but surely you're mistaken. Why, I never saw you before in all my life!"

Reproachfully out of big brown eyes the Dog looked at him, then anxiously licked the boy's hand.

"That's what comes of sleeping by the waters of the Nile. The sun may blaze its hardest, but in the marshes still lurk the mists that bring the fever. Are you ill, my master, that you forget your comrade?"

JIM MALONEY FAILS TO IMPRESS IN WORKOUT

Walsh Believes Delaney Winner

International News Sport Editor Watches Maloney In Training

DELANEY CARRIES POWERFUL PUNCH

BY DAVIS J. WALSH
Sports Editor Internat'al News Service

LONG BRANCH, N. J., Feb. 15. —At the risk of becoming confounded with the technicians, a form of human life somewhat higher than a fallen arch, the writer today is constrained to break down and make a clean breast of the belief that a thoroughly conditioned athlete will not be dropped down in that $200,000 spot with Jack Delaney on Friday night. I saw a pale, logy, lacklustre Jimmy Maloney step through a brief workout and, for my non-essential part, the business was not highly impressive.

Later, I tried to persuade Jimmy De Forest to pass judgement on the young man's condition but James was non-commital and evasive. He would say nothing except that Maloney was not under his care but merely using his quarters here as a training ground. Privately, De Forest is declared to have said that Maloney's system of training didn't meet with his entire approval.

Of course, a shave and a haircut will do sometimes as preparation for a ten round bout but this one doesn't appear to be that kind of a fight. It will be a fight with a great one-punch hitter and, if the latter drops one on his bread, Maloney may need all the recuperative powers that good condition insure.

Eyes Are Dull

The writer had no great interest in Maloney's waistline, which was generous enough, in truth. He is one of those natural fatmen whose obesity is deceiving. However, one can't go wrong on the state of the eyes and Maloney's are dull and expressionless. Neither can the telltale whitewashed look under the eyes be ignored. Maloney didn't lose this aspect even after several rounds of boxing.

It didn't seem, either, that the sweat came readily to the surface, although he went in the ring in a well heated room bundled in cloths to the upper lip. That as a rule is another bad sign. A good conditioner of men usually looks at a fighter's neck for signs of ill-condition. Maloney's looked like what the trainers call "stringy."

Maloney was neither fast nor obviously slow in action although it was quite apparent that he was pulling his punches. A man doing that can't be fast, still there seems to be no way to escape the impression that this particular fighter is far from being on edge. His lack of fire may be a matter of temperament but almost any well trained human being, three days before a contest, will give more convincing testimony that some kind of life still flutters within.

In a two round workout with Tom Kirby, a light heavyweight of Delaney's proportions, Maloney gave evidence of what he hopes to do on Friday by wrestling and pulling the lighter man off balance at every turn. A little bit of that might prove a great plenty to Delaney if the bout went on to ten rounds.

However, Maloney seemed surprisingly open to a right cross. Kirby scored with three of them and Jimmy didn't see them until they finished. If he does that with Delaney, they can count him out with an hour glass.

Meantime, Dan Morgan, now connected with the camp, stood about and exuded optimism. His story is that Maloney is too fast, too strong, too rugged and too everything for a man like Delaney.

Maloney was a great bet in my mind—last week. Unfortunately, they intend to fight this week. In my unimportant opinion, he is not better than a reasonably good bet now.

Tennis Stars Conclude Tour

(International News Service)

PROVIDENCE, R. I., Feb. 15.—Suzanne Lenglen, French wonder tennis girl, Vincent Richards and the professional racquet troupe concluded a month's tour of the United States at midnight.

Financially the tour was a success bu Suzanne was near a state of collapse and Richards admitted he too was almost a physical wreck as the result of being on the road continually for a month.

Suffering from the effects of tonsilitis, Suzanne left for New York to sail Saturday on the steamship France.

Bessemer Meets New Wilmington

Two Class B High School Teams To Battle This Evening

(Special To The News)

NEW WILMINGTON, Pa., Feb. 15—Quintets representing Bessemer and New Wilmington high schools will meet on the Westminster college floor Tuesday evening in a contest that will have an important bearing on the ultimate winner of Class B, high school honors of Lawrence county.

Intense rivalry exists between the two schools and the game is expected to attract a banner crowd. Both teams have been traveling at a fast pace. According to dope, New Wilmington is the favorite but Bessemer teams have a habit of giving New Wilmington the toughest kind of opposition.

Bessemer is coached by Jeff Byler a former Westminster college athlete, who graduated from New Wilmington high. His grid team defeated New Wilmington last fall and he is anxious to make it two straight athletic victories.

Coach Wiggins of New Wilmington will start his regular lineup. Patterson and Davis will be at the forwards, Hutchinson at center with Capt. Paul James and Herriott at the guards.

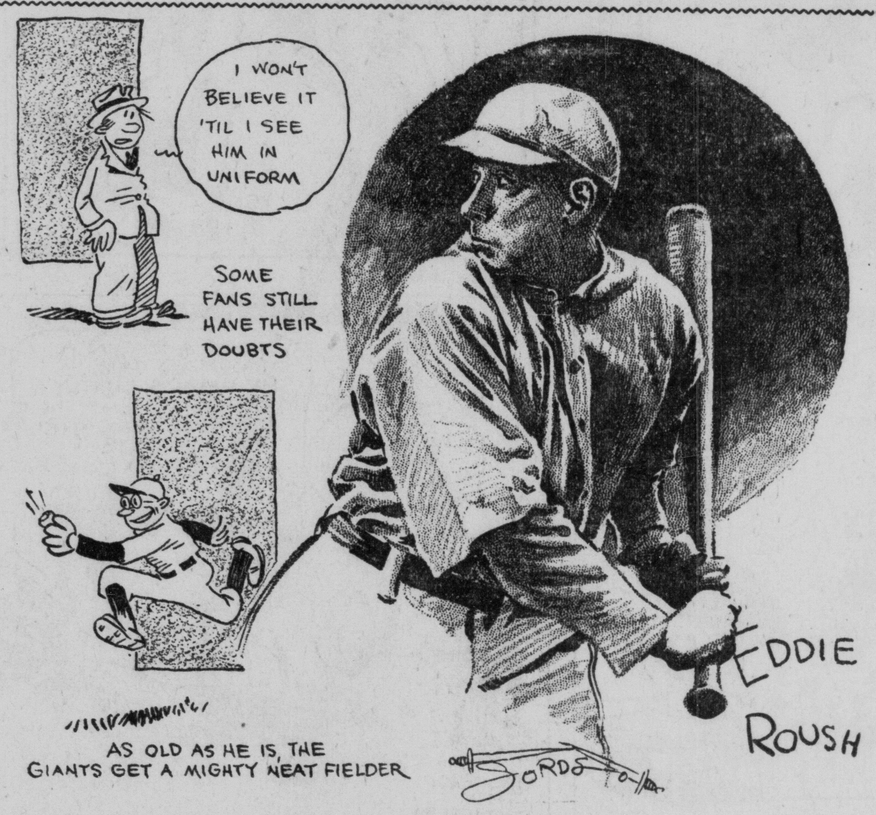

In the prelim game the girls' teams of the two schools will play. The first game will start at 7:30.

Landis Reinstates Former "Backstop"

Catcher Frank Snyder, formerly with the New York Giants and who refused to go to the St. Louis Cardinals when transferred a year ago has been restored to good standing by Commissioner Landis.

SORDS POINTS

It's Big Year: We've Talked To London, Traded Roush

By NORMAN E. BROWN

The past 50 years have seen the occurrence of many great events and development of marvelous achievements that, announced through the daily papers, have startled the world for a time—and then have become commonplace and of passing notice.

There has been for instance—
The perfection of the airplane.
The World War.
English bag pants.
Wireless telegraphy.
Radio.
Transatlantic telephone.
And the trading of Eddie Roush.

In fact, the trading of Roush might well be ranked earlier.

For Eddie has been "traded" to the New York Giants since the memory of man runneth not.

That trouble they had over in France buried the trade rumors occasionally, but every time the Allies and Germans halted for breath and new propaganda ideas on the western front, Eddie was traded.

But the trades never took.

Well, along came time for the usual trade rumors this year. The sporting editors were set as usual. Just dusted off the old caption, "Roush traded to the Giants", and were ready to go. But this time the telegraph news carried the added line, 'Honest to goodness he is".

Roush as a Giant is a settled and and accepted fact.

He's going to play with the New York club just as sure as we're going to get the wrong number every titme we try to call London.

Which, as Jack Sords remarks, "is just as well". The idea being that the matter is now out of the way.

The Giants, by obtaining Roush for George Kelly, get the greatest centerfielder in the National League—the only rival of Ty Cobb and Tris Speaker now in existence. However, they get him when he is about to join the others as veterans on the down grade.

He dons a Giant uniform just 11 years after the Giants first owned him—early in 1916.

Roush had been with the Federal League in 1915 and had been awarded to Newark under the Federal League property rights. The Giants bought him in the spring of 1916 for $7,500 and on July 20 traded him to the Reds with Christy Mathewson and Bill McKechnie for Buck Herzog and Wade Killefer.

And about July 21 that year probably appeared the first report that he was to become a Giant again.

Here's his record with Cincinnati, including 1916.

Year	Runs	Hits	Av.
1916	38	92	.267
1917	82	178	.341
1918	61	145	.333
1919	73	162	.321
1920	81	196	.339
1921	68	147	.352
1922	29	58	.351
1923	88	185	.351
1924	67	168	.348
1925	91	183	.339
1926	95	182	.323

ROUSH TRADE RECALLS MATTY

Eddie Roush, recently traded by the Cincinnati Reds to the Giants, was a Giant for a few months in 1916 and was traded to Cincinnati in the deal which sent Christy Mathewson, beloved "Big Six", to the Reds. The trade was arranged mainly to give Matty a chance to become a big league manager at the end of his pitching days.

The move brought Matty only sorrow. His career as a manager was hit by the conditions on the club. He brought charges against Hal Chase, greatest of first sackers, for his questionable conduct toward the game. Chase left the game.

Matty quit baseball to enter war service and sustained an affection of the lungs from poison gasses. He fought a losing battle with it for years, dying during the world's series of 1925.

SPORTS DONE BROWN

Joe McCarthy, Cub manager, is one of the most conservative managers in the big time. Despite the fact that Owner Bill Wrigley of the Cubs has told McCarthy repeatedly to "shoot the works" to get pennant-winning material Louisville Joe has stepped into big money but once to land a new player since he took charge of the Cub team.

The one man whom McCarthy has counted worth a big price is Elwood English, an infielder, bought from Toledo for $50,000.

The purchase of English, however, is a very significant one, in addition to indicating the value McCarthy places on him. For his acquisition by the Cubs indicates clearly that the club bosses have given up all hope of Charley Hollocher's return to the team after a three-year's absence.

English Knows His Shortstopping

But to get back to Mr. English.

He hails from Granville, O., and boasts of 19 years of age. With the Toledo club last season he played in 162 games at shortstop, batted .301 and ranked second among the regular shortstops in fielding, with a percentage of .948. Flippin of Milwaukee was the only man to top him.

Hollocher Is Busy Landlord

Hollocher's case is interesting and a bit mysterious. He complained of a stomach ailment at the time he left the club and has claimed ever since that his condition would not permit his return. At the same time there was a general feeling that a more lucrative contract would have lured him back until last year at least. He lives in St. Louis and derives his income mainly from apartment properties there.

It's Just About Goodbye

To a man up a fistic tree, it would look as though Young Stribling, Georgia heavy, is as far on the high road of pugilism as he ever will be. His unconvincing victory over Sailor Huffman the other night would indicate that.

Stribling was supposed to be in tiptop shape as a result of forsaking the light heavy ranks that he might fight at his natural weight, unhampered by a drying out process.

Huffman's record was unimpressive. He had been licked a couple of times by Tiger Flowers, once by Johnny Risko of Cleveland, and once by Jack Sharkey. Yet Stribling had his hands full administering a beating to the Sailor person.

Stribling will get one or two good fights in the East in the belief that he has not yet found himself at the new weight. But I personally believe he has reached his level.

HALL of FAME

Nominating BILL DOAK

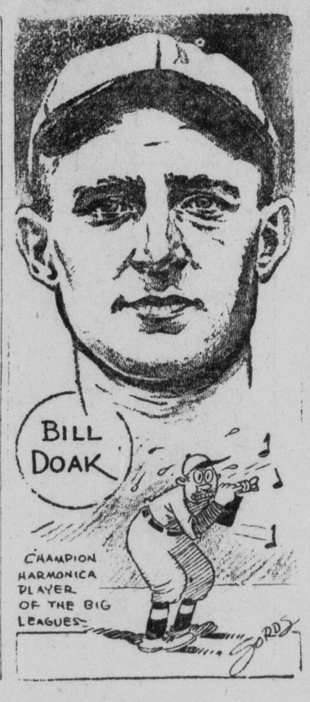

Because he is returning to baseball for the same reason he left it —to earn a better living.

Because he realized on Florida real estate while the realizing was good and is frank enough to admit that baseball holds the greater promise right now.

Because he won 10 out of 11 games for the Brooklyn Dodgers in 1924 after the St. Louis Cardinals called him done and traded him to the former outfit—and then quit the game.

Because he firmly believes that he can find his old stuff after two years' layoff.

And because he is the best durned mouth organ player in the big leagues.

Wampum Gun Club Shoot February 22

Wampum Gun Club will hold a shoot on the Wampum Gun Club field February 22 at 1 p. m., instead of 10 which was published in Saturday night's paper. A large crowd is expected if the weather permits. The gunmen will have the Lewis class shoot if desired. An invitation is extended to shooters in the suburban districts.

Wampum Indies To Play Fast J. & L. Quintet Tonight

The Wampum Indies will play the fast Jones & Laughlin Steel Mill team on the Wampum Opera House floor tonight.

The Wampum Cubs and New Castle Buccaneers will tangle in the preliminary game at 7:15 o'clock. The Steel Mill boys have a mighty strong team this year and they have been going at a fast clip in the Beaver Valley.

Marcella Grocers To Play Polish Falcons Tonight

Fast South Side Quintet Expect Hard Game With Falcon Outfit

The Marcella Grocers formerly the Penn Five will clash with the strong Polish Falcons on the Falcon court. The game should be fast and hard fought as both teams rank high in amateur circles.

It will be the first game of the year for the newly organized team and they hope to make a good showing.

The Falcons have been going strong this year and have captured 14 victories and lost but two. The Falcons have lost but four games on their own floor in six years, the Lincolns turning the trick twice, and the Atta Boys and Sacred Hearts are the other teams.

The following Grocers should report for tonight's game: Nocera, Gennock, Lewis, Fred Marcella, Rogovin, Harris, VanFossan, Frank Marcella and Mariacher.

Thursday night the Marcella Grocers will journey to Mahoningtown to battle the fast Mahoning A. A. outfit, members of the City Industrial league.

Boston Fighter Defeats LaBarba

Flyweight Champion Floored Four Times By Boston "Unknown"

(International News Service)

BOSTON, Feb. 15.—Little Johnny Vacca, unknown Boston bantamweight who four times floored Fidel La Barba of Los Angeles, flyweight champion of the world, and won seven out of ten rounds, received nothing but cheers for his victory, it was learned today.

Because of the snow storm last evening the Commercial A. C., sponsor of the bout, started to call it off. Vacca rather than miss the opportunity to meet La Barba offered to battle for nothing.

The champion from the Pacific coast was on the canvas three times in the second round and once in the fourth.

Three times La Barba took the count of nine while the other time he was up at the count of five.

It was Vacca's first appearance in a main bout and he entered the ring on the short end of ten to three betting.

Overlands-Tin Mill Take League Games

Tin Mill Team Downs Mahoning A. A. By Score 45 To 28 In Fast Game

Rick-Overlands Remain Undefeated By Taking 44 To 22 Victory

By "BUGS."

The Rick-Overlands remain the undefeated leaders of the City Industrial floor league today following their brilliant 44 to 22 victory last night over the East Side Merchants on the Y. M. C. A. court. The Tin Mill team in the first game of the program defeated the Mahoning A. A. outfit 45 to 28 in a fast game.

The Merchants were outclassed in all departments of the game last night. At the end of the first half the Overlands held a lead of 18 to 7 and in the third and fourth quarters litterly ran wild to score 26 more points, while on the other hand they held the Merchants to 15 points.

McLure and M. Kerr looked the best for the Merchants with a pair of field goals apiece. The playing of Cuba, Uhle and Jones featured for the winners.

Tin Mill Boys Win.

In the first game of the program the Tin Mill outfit retained second place in the league standing by toppling the fast Mahoning A. A. cohorts by a tally of 45 to 28. The game was fast and hard tought throughout with the Tin Mill boys superior in their offensive work.

The game was close for the first two periods with the score at half time favoring te Tin Mill 17 to 16. In the third and fourth quarters the Tin Mill team opened up with a fine offensive on the hoops that netted them 28 points while the Mahoning quintet was held to 12 points.

Fraser was the leading scorer for the Tin Mill agregation with a total of seven baskets while Volesko and Gennock "kicked in" with four apiece.

Boone, the Wampum flash, was high scorer for the Mahoning team with a total of five baskets while Blythe and Klaber also played a fine game on the defensive.

Dukes' Defeat Westminster

Failure To Cover Vernon And Throws From Foul Line Cause

CONNORS RECEIVES FRACTURE OF ANKLE

PITTSBURGH, Pa., Feb. 15. — Westminster led Duquesne until the last six minutes last night but the Dukes came from behind and their rally enabled them to win 38 to 25. The tilt was staged before a large and appreciative assembly.

During the first half of the game Westminster had possession of the ball almost all of the time. They displayed a good passing attack, a strong defense and were fast on the floor.

In the first half Crowell, Ayres and Lewis each caged four field baskets while Gamble and Connors who got into the game as substitutes secured two, each.

Ayres shooting in the first half was spectacular as his mates would work the ball to him or else he would dribble it to a point near the foul line and he would shoot it into the hoops.

Meanwhile Duquesne played a somewhat listless game, O'Donovan seemingly the only man playing at top speed but the best he could do was to land five points.

Duquesne Rallies

With the half over 15 to 17 and the Blue and White having had the best of the shooting from the foul line the Dukes supporters expected the team to brace at the start of the second half.

Instead the Blue and White flared forth with renewed brilliance and quickly ran the score 22 to 16. Goals by O'Donovan and DeMaria, however, shot their score to 20 and both teams started to "blow."

O'Connor scored a field goal and O'Donovan scored from the foul line and Vernon started off on an orgy of shooting that did not end until he had basketed four.

When the score tallied 36 to 22 before Westminster could score again as Vernon was let uncovered near the baskets and he lobbed the shots through the hoops.

During this portion of the game Connors fell backward and it developed he had a broken ankle.

And thus went victory to the Dukes mainly because Westminster failed to protect territory directly under the basket and the poor work on the foul line.

The lineup:

Duquesne 38	Westminster 25
G'Donovan (C)	F. Connors
Serbin	F. Crowell
Serbin	C. Gamble
Rosenberg	G. Lewis
DeMaria	G. Ayres

Score by periods:

Duquesne	15	23	38
Westminster	17	8	25

Substitutions—Duquesne: Shrading for Rosenberg. Westminster: McQuiston, Delaney for Connors.

Field goals—Duquesne: O'Donovan 4, Vernon 8, Rosenberg 2, Shrading, DeMaria 2. Westminster: Connors 2, Crowell 3, Gamble, Lewis 2, Ayres 2.

Fouls—Duquesne: O'Donovan 4 out of 6; Vernon none out of 4. Westminster: Connors none out of 4; Crowell 2 out of 4; Gamble 1 out of 1; Lewis 1 out of 3; Ayres 1 out of 3.

Team fouls—Duquesne 4 out of 10; Westminster 5 out of 15.

Missed shots from the floor—Duquesne 27; Westminster 42.

Time of periods—20 minutes.

Referee—Harold (Beggs) Snyder.

Virginia Dares

By Feg Murray

Copyright, 1927, by Metropolitan Newspaper Service

It was just about a year ago that most of us first heard of young Miss Virginia Van Wie of the Beverly Country club of Chicago. It was then that the sport news from Florida told of a 17-year-old girl of that name who had won the Florida state women's golf championship at the Palm Beach Golf club. Glenna Collett, the winner for the three preceding years did not defend her title, so no extraordinary prowess was credited to the new champion.

But after another newcomer into the limelight, Miss Dorothy Klotz (also of Chicago), had won the South Atlantic championship at Ormond Beach, the ladies packed their golf clubs and their lip sticks over to St. Augustine to play in the Florida East Coast tournament. There Miss Klotz won the qualifying medal and went on to eliminate Mrs. Hurd a former national champion in the second round. So when Miss Van Wie met Miss Klotz in the semi-final round there were very few who gave the young lady from the Beverly Country club a chance, for hadn't her opponent beaten Glenna Collett, Mary Browne and Dorothy Campbell Hurd within the space of a week? The net day little 17-year-old Virginia met the Great Glenna in the finals and these two young ladies put up the best exhibition of women's golf ever seen in the oldest city in the United States and perhaps in the whole United States too.

Playing with a total absence of awe in the presence of one of the "Immortals" showing a coolness under fire that would do justice to Walter Hagen, Virginia kept pace with the champion off the tee, outdistanced her with irons, and putted with a fine, smooth, unhurried stroke that was at least the equal of her famous opponent. The result was that this unknown youngster not only carried Glenna to the 19th green, but defeated her as well.

Next week comes the South Atlantic championship at Ormond Beach and then the Florida Coast title play at St. Augustine. Will this sturdy little miss be able to repeat her triumphs of last year and go on to win new honors?

That she is in good form was shown on February 2 when she set a new record for the reconstructed course at Ormond Beach with a fine 79.

Feg Murray Says.

It was all right to postpone Paolino's fight with Hansen until February 25, but it would have been better for the Basque woodchopper to fight on Washington's birthday.

South Hill Cubs Organize Team

The South Hill Cubs is the first baseball team in the county to organize for the coming diamond season.

The first meeting of the club took place on Monday at the Shenango-Taylor Joint school for the purpose of electing officers for the season.

The meeting was in charge of James Million. The following officers were elected: President, Reed Walker; vice president, Carl Dominick; secretary and treasurer, Paul Swisher; manager, William Swisher; assistant manager, James Clark; business manager, John Leckwart; assistant business manager, Joseph Augostine.

Four Reds Have Not Yet Signed

Jakie May and Dressen have signed contracts.

Tech Quintet Badly Crippled

(International News Service)

PITTSBURGH, Feb. 15.—Illness today forced Ray Hurd, star guard and captain of the Carnegie Tech basketball team out of the lineup as the Tartans prepared to entrain for two games in New York. Hurd although not believed seriously ill, was left behind because similar symptoms in a room-mate developed into scarlet fever. Two other Tartan regulars, Howard Harpster, center, and Wally Lynch, guard are also on the crippled list, but ther are possibilities both will make the trip.

Croton Scouts Seeking Games

The Croton Scouts would like to schedule games with any Junior teams in the City from the age of 15 to 18. The Croton Five consists of Friolli, Lemer, Lattavo, Tesoe, Abraham, Griffiths, and Mick. Games are preferred from the following teams, the Bessemer Pirates Reserve, the Croton M. E. church, Wampum Cubs, and the E. T. C. of Ben Franklin. For games call 4666 after six o'clock and ask for Ormondo Lattavo.

American Fails To Ratify Draft

American Association Club owners have rejected the draft agreement prepared at French Lick Springs by a 7-1 vote and four of the five minor leagues now stand opposed to the draft. Under the new arrangement major leaguers offered to increase the price of drafted "A. A." players from $5,000 to $7,500.

I'm telling you straight—

P. A.

is the works

PUT it down now for a double-riveted, copper-cornered fact: Prince Albert will give you more pleasure to the cubic inch than any other tobacco you ever packed in a pipe. Maybe I'm prejudiced. Even so, my statement holds. I'll leave it to you, after your first P. A. pipe-load.

Buy a tidy red tin of P. A. and follow these simple directions: Tuck about a thimbleful into the bowl of your favorite pipe. Light up, and pull that cool, consoling smoke up the stem. Exhale slowly and get the full benefit of that wonderful Prince Albert taste.

Cool as a claim-adjuster. Sweet as an unexpected inheritance. Fragrant as pine-boughs, swaying in a summer breeze. Mild, but not willy-nilly, if you get me. And of course you do! Make the test today and check-in with what I've been telling you.

You'll probably say I wasn't enthusiastic enough! Anyhow, get some Prince Albert now and get on the sunny side of pipe-pleasure. No matter what your previous experience with a pipe has been; no matter how set you appear to be, try Prince Albert. It will be a revelation!

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.

PRINCE ALBERT

INSPIRED THRIFT.

NEW YORK, Feb. 15.—A teller at the Hamilton National Bank couldn't understand why Banjamin C. Weiner, a depositor, kept on returning to his window every few minutes with more money to deposit. After the sixth trip to the window Mr. Weiner explained. 'I have just about gone crazy with happiness," he declared. "My wife has just given birth to a baby girl."

The president of the bank, Archibald C. Emery, took Weiner's bankbook and wrote in it, "May your numbers increase," and then signed his name.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

Pope Takes New Madrid.

by J. CARROLL MANSFIELD

EARLY IN 1862, GEN. HALLECK, COMMANDING THE UNION FORCES IN THE WEST, PLANNED A CAMPAIGN AGAINST THE CONFEDERATES ON THE MISSISSIPPI AT NEW MADRID, MISSOURI, AND ISLAND NUMBER TEN. GEN. POPE, WHO HAD DISTINGUISHED HIMSELF IN THE FIGHTING IN MISSOURI, WAS CHOSEN TO LEAD THIS EXPEDITION.

ON FEBRUARY 22, 1862, POPE STARTED, WITH A LARGE FORCE, FROM ST. LOUIS TO ATTACK NEW MADRID. ON THE WAY HIS CAVALRY FOUGHT A SHARP SKIRMISH WITH JEFF THOMPSON'S GUERRILLAS AT COMMERCE, ROUTING THE CONFEDERATES AND TAKING A NUMBER OF PRISONERS.

ARRIVING BEFORE NEW MADRID (MARCH 3), POPE FOUND THE GARRISON HAD BEEN STRENGTHENED BY THE TROOPS THAT HAD PREVIOUSLY GUARDED COLUMBUS, AND SENT AN URGENT CALL TO CAIRO FOR HEAVIER ARTILLERY. MEANWHILE ENCAMPING AT A SAFE DISTANCE. SIEGE GUNS AND MORTARS REACHED POPE ON MARCH 12 AND ON THE FOLLOWING MORNING A BOMBARDMENT OF THE TOWN WAS BEGUN.

AT NIGHTFALL, THE FEDERAL ADVANCE AND THE FIRE OF THE UNION GUNS HAD MADE THE CONFEDERATE POSITION UNTENABLE AND THE DEFENDERS DECIDED TO EVACUATE NEW MADRID. DURING THE NIGHT THE CONFEDERATES ABANDONED THE TOWN AND, UNDER COVER OF A HEAVY STORM, ESCAPED TO ISLAND NUMBER TEN.

TOMORROW—FOOTE AT ISLAND NUMBER TEN.

N. Y. STOCKS

(International News Service)

NEW YORK, Feb. 15.—Bullish enthusiasm was stimulated in the industrial stocks in early trading by the strength and activity of the market leaders, including U. S. Steel, General Motors and various copper, oil and independent steel stocks price gains in the active stocks were moderate, and mostly fractional, though specialties like International Combustion Engineering and International Harvester sold up 1 to 3½ points in a heavy turnover.

Western Maryland alone of the "little rails" attracted speculative attention, the common stock advancing in good form to 32½ for a new 3-point gain. At this price the stock has regained about 8 points of last week's sudden break. Wheeling & Lake Erie, of skyrocket fame, sold down 4½ points at 65 while the preferred advanced fractionally to 58⅝.

United States Steel bettered its best previous price for the year at 160⅛, while the new W. I. stock was active at the best price of the year. Republic and Crucible Steel were active and firm and copper stocks firm.

Reports Theft Of Articles From His Automobile

The meanest of thieves was extant in the city last night, according to the report of H. A. Buccini of 676 Lathrop street, Detroit, Michigan.

According to Mr. Buccini, he was stopping at 27 West Grant street last night. He left his auto parked in the yard at this place. He locked it up.

During the night some one pried open the door of the machine and took out two suitcases in it. One of the cases was taken to the rear of the yard and forced open. The contents were scattered over the yard.

Among the things taken from the case was a box of pencils, containing eight dozen. A new pair of trousers, slippers, etc., and the case was cut to shreds with a razor and left lying in the yard.

An alligator hide case is missing. It contained some ladies silk clothing, three strings of Italian beads, a seventeen jewel Hamilton watch and a gentleman's wrist watch.

The police are investigating.

Governor Fisher Outlines Stand On Tax Repeals

(International News Service)

HARRISBURG, Pa., Feb. 15.—Any tax repealing act must carry with it a provision to raise an equal amount of revenue from some other source before it receives executive approval, Governor John S. Fisher said today.

The Governor outlined his stand on tax repeal measures when asked concerning his attitude toward the anthracite tax repeal act to be introduced in the house today.

"Repeal of any tax measure will have to carry with it the substitute of other revenues of at least equal amount," the Governor said. "The budget is predicated on revenues as they now exist and any change of revenue necessarily will be reflected in the budget."

Lewis Assails Coal Operators

By KENNETH CLARK
International News Service Staff Correspondent

MIAMI, Fla., Feb. 15.—John L. Lewis, president of the United Mine Workers, today charged before the joint wage conference that certain influential soft coal operators were fostering a strike in the industry this spring in order to force up coal prices.

He also turned his guns on the United States senators from West Virginia, Kentucky and Tennessee, who led the fight against the confirmation of Cyrus E. Woods of Pennsylvania to the Interstate Commerce Commission. These senators, he declared, were either "in the service or direct employ of the non-union coal operators who are attempting to maintain discriminatory freight rates on lake coal shipments from the non-union fields."

Anti-Hog Cholera Supply Available

Farmers of Lawrence county who are in the market of raising hogs will be glad to know that the Bureau of Animal Industry of the Department of Agriculture has a contract with the manufacturers whereby all veterinarians can have a supply of anti-hog cholera serum and virus available on request and at a minimum cost.

Twice as much anti-hog cholera serum and virus was used by farmers in Pennsylvania in 1926 as was used in 1925, according to Dr. T. E. Munce, director of the Bureau of Animal Industry.

This indicates that swine raisers are becoming more alert to the importance of vaccination as a preventative and control of hog cholera, states Dr. Munce.

County Must Pay $2,019 For Mad Dog

ASHTABULA, O., Feb. 15.—One dog bite that bit twenty Conneaut people about a month ago will cost Ashtabula county $2,019, it was revealed at a meeting of the county commissioners.

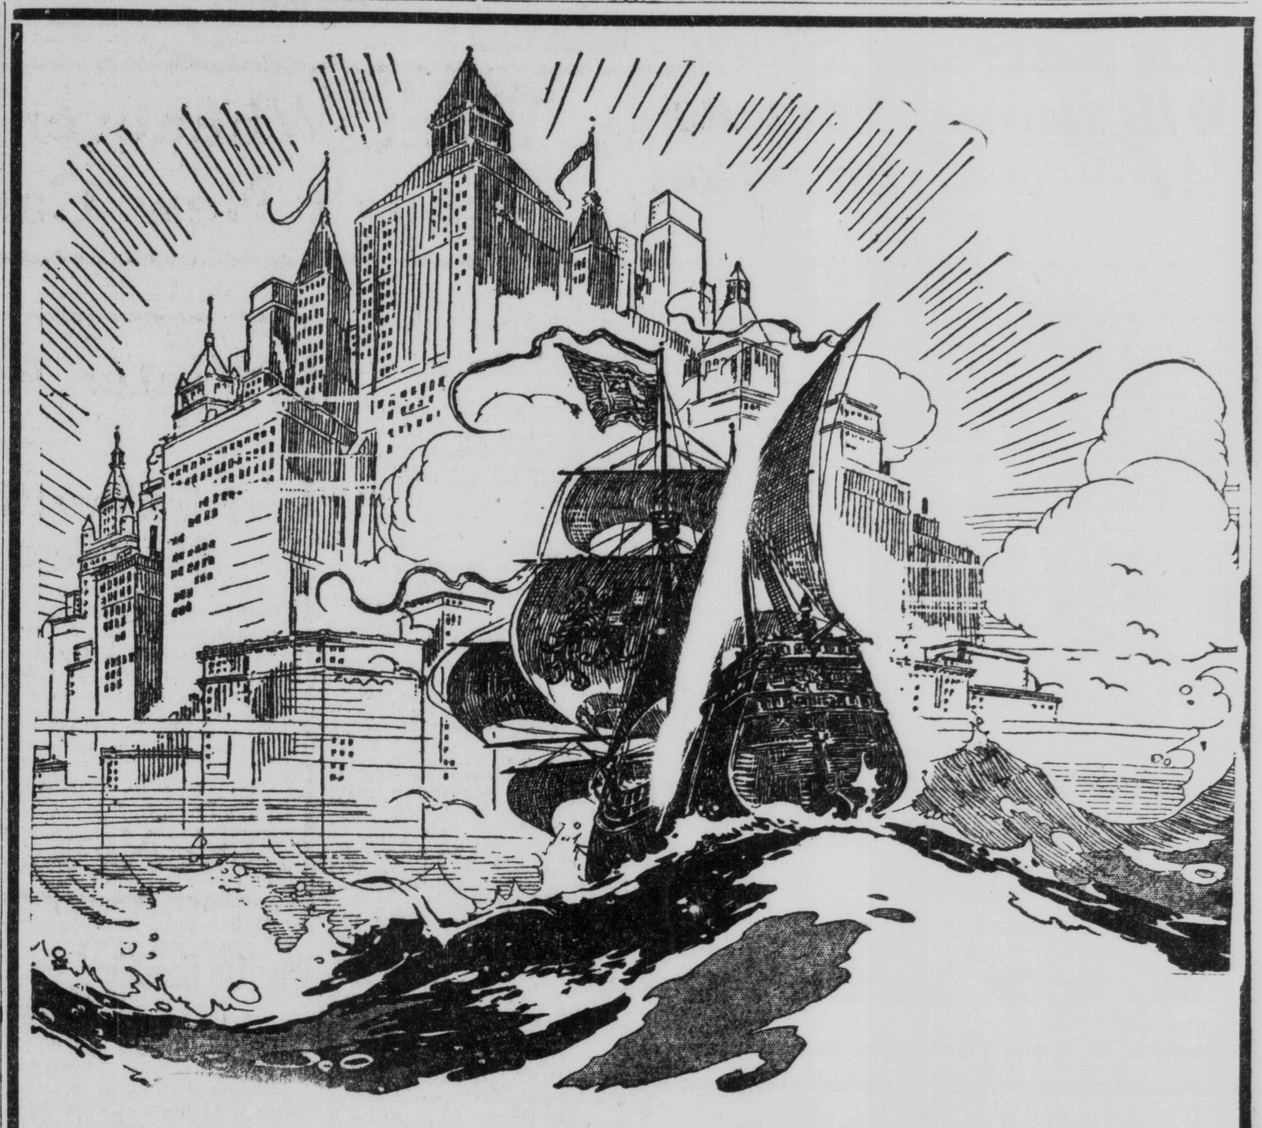

Bills totalling $625 for medicine and $1,394 in physicians' fees in giving the victims serum were filed with the commissioners.

Examination showed the animal had rabies. None of those attacked suffered serious results.

TOLEDO, Feb. 15.—Police today were trying to identify James Coyner, a giant negro, now serving a prison sentence in Michigan City, Ind., for grave robbing as Rufus Cantrell, known to mid-western police as "king of ghouls."

Four skulls were found in an abandoned trunk in a Royal Oak, Mich., house said to have been occupied by Coyner until nine months ago.

Columbus Discovered the World's Greatest Opportunity —for YOU!

MORE than four centuries ago when the galleons of Columbus nosed their way to a new hemisphere, he expected to unfold greater treasures than his day knew.

He found this continent and thereby opened up to the colonization of our forefathers a land today the greatest of the world. Little did he appreciate the ultimate of his discovery—beyond his wildest flights of imagination was the thought that here in his new-found land there would arise the world's greatest nation—THE land of opportunity.

But no man could foresee such. Vision, thought and foresight develop and from a land of wilderness has come this wonderful country. Men with foresight have built cities—and these cities have spread and are still spreading.

Foresight, today just as much as in the past, is to be rewarded. Even greater fortunes are still to be made by those with faith in the development of cities.

Around YOU on every side are avenues for profit in real estate investment. As new home sections have sprung up before your very eyes, so they will continue. With foresight you, too, can reap rich reward.

Our city is growing—new homes are needed—and this demand cannot cease. NOW is your opportunity!

This Envelope Story Will Become Famous At New Wilmington

(Special To The News)

NEW WILMINGTON, Pa., Feb. 15.—Dr. W. Charles Wallace, president of Westminster College, is one of the busiest college presidents in the country at the present time because of the multitude of details he must handle in the work of re-organizing Westminster after the disastrous fire of January 24, which ruined Old Main, principal building.

However, in his spare moments, he likes to talk of the wonderful co-operation he received from faculty and students during the time of the college's greatest need.

Among the incidents Dr. Wallace likes to recall, is one which concerns two old envelopes in the hands of Dean Charles Freeman and Prof. J. George Lutz, at the faculty meeting held the afternoon of January 24. President Wallace believes that a new Westminster began on these two envelopes.

The details of the particular incident are: A meeting of the faculty was called by Dr. Wallace and the teachers assembled in the Conservatory of Music hall. After getting the meeting underway, Dr. Wallace was called to his executive office and he left Dr. Freeman and Prof. Lutz in charge. Every scrap of paper belonging to the college had been destroyed.

As the fire occurred only a few hours before semester exams were scheduled to start, the exam question was the most important immediate problem before the profs. Dr. Freeman and Prof. Lutz, reached into their inner pockets and brought out two letters. The contents were removed and the envelopes torn open and the inner side put to use. On these envelopes, Freeman and Lutz began to draw up an exam schedule. Perry Sewall, superintendent of buildings, was called into the conference, and the capacity and availability of each room about the school, was made known. When Dr. Wallace returned to the conference, a complete schedule, written on the two envelopes, was handed him and at 9 a. m. the next day, semester exams started without a hitch and Westminster is now going on as though the eventful happening was of only slight import.

Legion Head Is Speaking In State

National Commander Speaking In Eastern Part Of State

HARRISBURG, Pa., Feb. 15.—"A distinct trend in policy, a definite working toward a certain objective, has been noticeable to those who have watched the American Legion during the last eight years, and that great objective, a field in which the legion will labor for the remainder of its existence, is community service," declared Howard P. Savage, national commander of the American Legion, in an address here today before members of the Harrisburg Post No. 27.

Commander Savage tonight will go to York, Pa., where he will deliver an address. Tomorrow at noon he will speak in Lancaster, Pa. The national commander is being accompanied by State Commander of the Legion Robert M. Vail on his tour of Pennsylvania in the interest of a larger membership.

"Each year since the World War ended has seen certain issues developed which the Legion, by reason of its traditions and ideals, has had to act upon," Savage said today.

"During 1919 and 1920 the Legion was engaged in the almost super human task of creating something tangible out of an organization that existed only on paper. Part of the A. E. F. was in France.

"The nation plunged into the depths of industrial stagnation in 1921 and the Legion engaged in finding work for the thousands of ex-service men, newly from service. Almost overnight the Legion met the issue squarely. Veterans reported to the 11,000 Legion branches and found work.

"Year by year came the issues and they were met successfully by the Legion. Then came 1926. In the preceding years the doing for others had caused the Legion to neglect itself, with the consequent result that membership became a problem needing instant attention. It was recognized as true that the Legion's scope of service depended upon big membership—and service is and was the recognized creed.

"In community service the Legion has found an issue that is as great as the Legion itself. In giving service to its community—constructive service—the organization is rendering a service truly comparable with the magnificent service its individual members gave in 1917-1918.

"And this community betterment is the major issue for 1927, along with a continuous increase in membership and our trip to France next September. A year hence you will know that I speak as a prophet now when I say that the Legion will be hailed as the greatest force for good at work in this nation."

Gives Definition Of Drunk Driver

LONDON, Feb. 15.—When is a motorist drunk? Judge Sturges, one of His Majesty's learned dispensers of British rule, gave his definition thus:

"Where the skill and judgment of a man, normally required in the manipulation of a motor-car, is obviously diminished or impaired as a direct result of the consumption of alcohol, I hold that he is drunk, if in charge of a motor-car within the meaning of the Act.

"Some people," he added, "can take very little alcohol but if they take alcohol when in charge of a car, knowing it is likely to diminish their skill and judgment, they cannot complain of the results."

War On Gamblers In Lansford, Pa.

(International News Service)

LANSFORD, Pa., Feb. 15. — A reform wave has struck Lansford and general orders from the police have been issued to the effect that gamblers must quit the business or get out of town.

Even the punch board has come in for its attack. The chief of police has toured the town to warn merchants that the devises must be banished.

Arrest Five Hundred For Violations Of State Fishing Laws

(International News Service)

HARRISBURG, Pa., Feb. 15. — four hundred and ninety-four persons were arrested and fines totalling $13,073.50 were paid by them during 1926, according to the detailed annual report of the State Fish Commission made public today. The report also revealed that the commission began the new year with a balance of $218,869.

The detailed report of arrests showed that the use of illegal devices was the chief infraction of the law detected. There were 155 arrests on that charge, while Pennsylvanians who did not bother to buy the necessary fishing licenses were second in the listing with 137 arrests. There were 25 non residents and thirteen aliens arrested for fishing without a license. Those who neglected to heed the state law forbidding the pursuit of the piscatorial art on Sunday totaled forty-one.

Forty-three persons who retained under-sized fish were arrested. There were twenty-five arrests for fishing out of season, twelve for dynamiting and fourteen for exceeding the creel limit for certain prescribed species.

The financial statement of the commission showed that the sale of licenses to residents of the state netted $261,109 while non-residents paid $15,036. The total funds available for all sources for the commission were $493,432.

The chief expense item during the year was the operation of the six hatcheries for which $114,754 was paid. The next big item was the salaries and expenses of the wardens, $45,024 being charged to that account.

The report also showed that during the past year 326,736,567 fish of a score of species were distributed in the streams of the state. The cash value of the output from the hatcheries, based on prices charged by commercial places, was estimated at $545,787.

Colored Legion To Repeat Show

Minstrel show given by members of the Colored American Legion some time ago was so much appreciated that they have decided to accede to the demand for a repetition of the performance. Therefore on the evening of Monday, Feb. 28, the performance will be repeated at the Germania hall on Taylor street, near Mill street.

It will not be a strict repetition of the former performance, as there will be quite a few new songs, new jokes and new dances. Baby Dorothy will again do the latest steps of the Charleston and Black Bottom.
